## HUNDREDS HEAD FOR RESORTS OVER WEEKEND

Roads Begin to Show Increased Flow Of Traffic

## STATE POLICE TO HOLD 24-HOUR SCHEDULE

As the sun peeked over the horizon this morning, it found hundreds of Pottstonians hustling to their favorite resorts for an abbreviated vacation.

Although many of them hit the road this morning, the exodus out of the city and into the country started early last night with the cessation of work in many of the local industrial plants.

But coupled with the happy tidings of a Labor Day weekend comes the tragic news that at least 410 persons will die by the time Monday midnight rolls around.

The prediction was made by the National Safety Council yesterday.

IN MAKING the statement, the council said the 440 total breaks down to a rate of more than five deaths an hour for the 78-hour period covered by the estimate.

Meanwhile, local and State police are keeping on the alert for any emergency.

A report out of Harrisburg revealed that State police in marked and unmarked patrol cars will cruise Pennsylvania highways on a 24-hour schedule over the week-end.

Col. C. M. Wilhelm, State police commissioner, said area State police commanders will maintain a close check of traffic density and flow in order to shift personnel as changing conditions may require.

DESPITE the constant vigil by State police, however, members of the Paoli barracks reported early last night that one fatal accident has already occurred.

They identified the victim as William H. Thomas, 46, of Downingtown.

## Successful Razing Of Church in Chapel Reported by Group

After more than a year struggling, the Hereford township road supervisors last night reported the successful razing of an old church in Chapel.

Not only has the church been razed, but the property on which it stood has been sold for \$850.

Secretary - Treasurer of the board, Ray G. Albitz, reported last night that a balance of \$390 still showed on the books after all debts from tearing down the building were paid.

The balance will go into the township treasury, according to Albitz.

Earl T. Geisinger, roadmaster, told the board that four tenths of a mile of new roadwork, running from Chapel to Hereford has been completed the new road will be opened Tuesday.

Upon concluding the meeting, the board ordered a number of its bills paid.

Presiding officer was President E. G. Kriebel.

The meeting was held at the home of Albitz.

## Too Hot for Trouble

SALISBURY, Md., Sept. 4 (AP)—Maybe the long heat wave has been of some good anyway.

Today's police blotter in Salisbury was all blank. Police Chief William J. Chatham figured it out:

"Too hot for anybody to do anything to get into trouble."

## THE WEATHER

For Eastern Pennsylvania: Today, cloudiness with showers and scattered thundershowers, cooler tonight. Tomorrow, fair and cooler.

## She Dons Furs for 'Relief'

—Mercury Staff Photo

After days of weather that hovered around the 100 degree mark, yesterday's high of 91 seemed almost sub-normal. And yesterday morning, with the mercury at a "frigid" 80 degrees, Mrs. George Sova, Ringing Rocks, just had to don her furs.

## Cool Air Mass Due Late This Afternoon

Masses of cool air and refreshing showers are expected today to break the back of the brute heat wave that's kept Pottstown captive for the past ten days.

The official US Weather bureau predicted last night that cool air, which is chopping as much as 30 degrees from temperatures in its path, will hit the Pottstown area late this afternoon or evening.

When the cold air does hit it'll mean the end of one of the worst heat waves ever to hit the borough area.

Not since 1901 has Pottstown been besieged by so crippling a weather phenomenon.

Yesterday, hundreds of workers continued to leave their jobs, although temperatures failed to rise above a 91 degree high.

THE DOEHLER-Jarvis company worked short shifts—each of three hours duration—partly in deference to the heat and partly to the Labor Day holiday.

All other plants reported that although some workers did stay away from the plants, most workers reported and finished out the day.

Two more persons, however, were felled by the heat. Mrs. Emyle Sweeney, 66, 476 North

Charlotte street, was taken to Pottstown hospital after collapsing on the street near her home. Hospital authorities said she was suffering from a possible hip fracture.

The second heat victim was Leroy Dillon, 67, Reading, who collapsed while walking on Race street in Stowe.

He was taken to the same hospital and his condition was described as good last night. He was taken there in the Good Will ambulance.

YESTERDAY was the tenth straight day that the mercury rose above the 90 mark.

But in failing to climb above 91, the temperature broke a string of seven straight days of new records. The all-time high for Sept. 4 was 94.

But the string of seven new records will go down in the book to make of the 1953 heat wave one of the most terrific in history.

Only in 1901, when the temperature stayed above 90 for 13 days in a row, was the current wave bested.

But although yesterday's temperatures were mild compared with those of the past week's, the heat was more oppressive because of the high humidity.

According to Matthew I. Peacock, Reading weatherman, the humidity was 84 percent at 8 a. m. yesterday, an amazingly high figure.

The percentage dropped so that by 11 a. m. it was down to 75. By late afternoon it had dropped to 45.

IT RAINED yesterday morning in Pottstown, though many residents probably didn't realize it.

About 8 15 a. m. a light drizzle just barely covered the streets.

But it was far from enough to affect the temperature.

Most of the early morning hours saw the sky overcast and through those hours the mercury sat between the 80 and 81 degree levels.

But at 10:15 the sun came out in all its fierce glory.

And the mercury responded immediately. By 11 a. m. the temperature was 82. One hour later it was up to 85.

At 2 p. m. the 89 mark was reached and the high of 91 was hit at 3 p. m.

Thermometers registered at least 90 until shortly after 6 p. m.

Then the silver liquid started a downward plunge, hitting 80 about midnight.

The official weather forecast for today was like this: considerable cloudiness with showers and scattered thundershowers turning

## NEW WATER RULES MAY BE SCOTCHED

Borough Issues Warning Against Sprinkling Violators

## SCHEDULE MUST BE FOLLOWED, GULDEN SAYS

The borough manager warned Pottstonians last night that unless they abide by the rules of the new midnight-to-5 a. m. sprinkling schedule the privilege will be rescinded.

Manager Horace B. Gulden said last night that the sprinkling schedule is not being followed as it should be.

According to the original plan, released the past Sunday, the borough was divided into six sections and residents of each section were supposed to sprinkle lawns on a different night.

The sprinkling was supposed to be done from midnight to 5 a. m. "But if this is the kind of co-operation we're going to get," Gulden said angrily last night, "then I'll have no other alternative than to stop the sprinkling completely, just like it was before."

THE MANAGER decided on the move yesterday after receiving complaints from residents in the North End that their water supply was being cut off early in the evening.

"We've investigated these reports and it's obvious that the water shortage is being caused because people are sprinkling their lawns all evening. They're not waiting for the midnight starting time."

The North End residents, those in the Linden apartment area—who said they were getting enough water after the water ban was put on in mid-July, reported that this past week their water supply has been stopping about 8:30 p. m. each night.

"The only reason for this," Gulden said, "is that people are jumping the gun on us."

He explained that when he decided to try this new six-night, five-hour sprinkling program the past Sunday, it was in an experimental form.

He pointed out that if the sprinkling did hurt North End residents then the plan would be dropped.

BUT YESTERDAY he said, "I'm convinced that if people observed the rules there'd be plenty of water for everybody. People wouldn't have to take showers in their neighbors' homes and go without water for cooking."

However, if residents do not comply with the rules from now

## Dixon City Teacher Elected to 4th Grade In Union Township

Lottie Saffinoski, of Dixon City, will be the new Fourth grade teacher when school opens in Union township.

School Board President Leon Davidheiser announced the appointment last night.

Miss Saffinoski has had 23 years of teaching experience, most of it at Tower City, Davidheiser said.

Classes will begin at the Union school on Tuesday at 8:30 a. m. for First graders, and on Wednesday for the other seven grades.

First graders should have their birth and vaccination certificates with them and be accompanied by a parent or guardian on their first day, the board president said.

The school cafeteria will open on Sept. 14.

## Communists Release 275 US Prisoners In Next-to-Last Trade

PANMUNJOM, Saturday, Sept. 5 (AP)—Two hundred seventy-five Americans came back from Communist captivity today on the next-to-last day of the big Korean armistice prisoner exchange.

The number was nearly double that of Americans returned on any other single day. The previous high was 150.

The Reds said they would return 110 more Americans tomorrow and also 14 of other nationalities, for a total of 124. The others will be 8 British, 4 Turks, 1 South African and 1 Japanese. The Japanese was reported to be a houseboy with the US 24th Division.

With tomorrow's promised contingent of Americans, the total repatriated will be 3596, or 283 more than the 3313 the Reds originally said they held.

The Reds also returned in today's exchange 25 British, 11 South Korean soldiers and 2 South Korean women in pigtails. An in-

terpreter said they were Red Cross workers.

BOTH the Allies and Reds announced today that they would wind up the big POW exchange Sunday.

After that, captives on both sides who have refused repatriation will be turned over to a neutral nation.

Until press time last night, no Pottstown area prisoners were on the latest exchange list.

The Allies hold about 7800 Koreans and 14,500 Chinese who refuse to go home.

The Reds hold a handful of Allied non-Korean captives who they say do not want to go home. The Communists said today, however, that any who changed their minds before the time the neutral nations repatriation commission takes custody will be repatriated.

After POWs reluctant to go home pass into custody of the commission, agents from their homelands will be permitted to talk with them. If they still refuse, the problem will be handed to the United Nations. But if no decision is reached within 30 days, the POWs will be released in the land of their captivity, to stay there or go to neutral nations of their choice.

THE AMERICANS returned today at Panmunjom appeared to be in good health.

Seventy-seven of the Americans were officers and 198 were enlisted men, mostly sergeants.

Lt. Col. William G. Thrash, a pilot, was the highest ranking Marine.

Twenty-two of the officers were airmen, including a Sabre jet pilot with four MIG kills, Maj. Stephen Bettinger of Denver.

At the Communist receiving station, meanwhile, the Red repatriates launched a new ceremonial wrinkle. A leader in each truck called the POWs sharply to attention. Then while a Communist officer made a welcoming speech, the POWs bowed their heads and wept in unison.

THE COMMUNISTS yesterday freed their highest ranking captive, Maj. Gen. William F. Dean, after holding him in isolation from fellow Americans for three years but the Reds still hold some senior officers.

The UN command also is concerned about a handful of officers and men named by the Reds as "confessing" they waged germ warfare.

While the Reds said they would release "all prisoners," it was feared that some of these men might never be seen alive and that their true story might never emerge from behind the Bamboo Curtain.

There was the possibility the Reds might deliver these men at

## Cent-an-Hour Boost Okayed at 2 Plants

Doehler-Jarvis division and Spicer Manufacturing division have been notified formally of the one-cent-an-hour boost that workers will get beginning Sept. 1 because of a rise in the cost of living.

This was reported yesterday by Howard W. Bartholomew and Morris R. Gavin, plant managers of Doehler's and Spicer's respectively.

The increases are a result of the rise reported the past week in the US Bureau of Labor Statistics index. The cost-of-living factor in pay at these plants is tied to the index under terms of contracts with the union.

## Hunter Fires Big Blast, Fills Air With \$180

NEW CASTLE, Sept. 4 (AP)—Jonah Byers borrowed his son's shotgun and went hunting the other night. Much to his surprise, \$180 figured in killing an albino raccoon.

When the Mahoning township man fired at the animal along nearby Coffee run, \$20 bills filled the air.

His son, Buddy, solved the mystery. He told his father he put nine \$20 bills in the gun barrel for safe keeping.

Officials of the plant could not be reached for comment when the notification was made late last night.

## Weekend Offers Stories Stay in Line for Cash!

The hustle and bustle of the holiday weekend should give the alert newstopper ample opportunity to cash in on a few extra dollars.

Highways jammed with fast-moving cars, crowded swimming areas and swarms of picnickers offer a wealth of untapped news stories.

But that isn't all, there undoubtedly will be many little human interest stories, stories which would ordinarily be passed up.

Any one of these stories may unfold before you. Remember The Mercury is interested, too.

Cash prizes totaling \$10 await the lucky tipsters who call Pottstown 6000 at any time, day or night. Someone always will be on hand to take your newstop.

## Spring Mount Man Injured in Accident

A Spring Mount man was injured slightly last night when his car was involved in accident with an auto operated by a Pottstown RD 3 man.

Treated at Memorial hospital for cuts of the forehead and right knee was John Weidemeyer, Spring Mount.

The accident occurred at 7:40 p. m. when a car driven by Harry Heller, Pottstown RD 2, stopped on West High street to make a left hand turn into a gas station.

The Weidemeyer car plowed into the rear of the Heller car. The front end of the Weidemeyer car and the rear of the Heller car were completely damaged. Weidemeyer was taken to the hospital by Motor Patrolman Paul I. Galoway.

## It's Too Darn Hot, Even for Romance

There may be something in that popular song that quotes lovers as saying, "It's Too Darned Hot!" for romance.

John Guest, in charge of marriage licenses in Montgomery County courthouse, Norristown, said applications there this week indicate there won't be the usual rush of weddings on the Labor Day weekend.

Only 45 couples applied for licenses there this week, which is slightly under par for even an average week.

## Heat Wave May Be Leaving Area, But Memory Will Linger in Records

The heat wave may leave Pottstown today, but its memory will linger on and on. It will be remembered best for being the longest stretch of record-breaking hot days in the history of the weather bureau.

Matthew I. Peacock, US weatherman in Reading, said the streak of seven consecutive days in which an old record for the date was shattered is a new record in itself.

Here's the day-by-day box score on how the records fell:

Twenty-two of the officers were airmen, including a Sabre jet pilot with four MIG kills, Maj. Stephen Bettinger of Denver.

At the Communist receiving station, meanwhile, the Red repatriates launched a new ceremonial wrinkle. A leader in each truck called the POWs sharply to attention. Then while a Communist officer made a welcoming speech, the POWs bowed their heads and wept in unison.

THE COMMUNISTS yesterday freed their highest ranking captive, Maj. Gen. William F. Dean, after holding him in isolation from fellow Americans for three years but the Reds still hold some senior officers.

The UN command also is concerned about a handful of officers and men named by the Reds as "confessing" they waged germ warfare.

While the Reds said they would release "all prisoners," it was feared that some of these men might never be seen alive and that their true story might never emerge from behind the Bamboo Curtain.

There was the possibility the Reds might deliver these men at

## Heat Wave May Be Leaving Area, But Memory Will Linger in Records

The heat wave may leave Pottstown today, but its memory will linger on and on. It will be remembered best for being the longest stretch of record-breaking hot days in the history of the weather bureau.

Matthew I. Peacock, US weatherman in Reading, said the streak of seven consecutive days in which an old record for the date was shattered is a new record in itself.

Here's the day-by-day box score on how the records fell:

Old Records	Degrees	New Records, 1953	Degrees
Aug. 28, 1948	95	Aug. 28	96
Aug. 29, 1948	94	Aug. 29	95
Aug. 30, 1921	94	Aug. 30	95
Aug. 31, 1932	97	Aug. 31	98
Sept. 1, 1946	96	Sept. 1	98
Sept. 2, 1929	95	Sept. 2	99
Sept. 3, 1929	94	Sept. 3	98

## It's Too Darn Hot, Even for Romance

There may be something in that popular song that quotes lovers as saying, "It's Too Darned Hot" for romance.

John Guest, in charge of marriage licenses in Montgomery County courthouse, Norristown, said applications there this week indicate there won't be the usual rush of weddings on the Labor Day weekend.

Only 45 couples applied for licenses there this week, which is slightly under par for even an average week.

Highways jammed with fast-moving cars, crowded swimming areas and swarms of picnickers offer a wealth of untapped news stories.

But that isn't all, there undoubtedly will be many little human interest stories, stories which would ordinarily be passed up.

Any one of these stories may unfold before you. Remember The Mercury is interested, too.

## Pigeons Seek Relief, Cool Off in Movie

INDIANAPOLIS, Sept. 4 (AP) —Pigeons, like people, have been going to the movies to cool off during the heat wave.

Wondering where the downtown swarms of pigeons had gone, Jay Hundley, city pest control supervisor, tracked them to theater roofs. He found them enjoying the cooling spray of water in air conditioning systems.

So he moved cage traps to roofs near the coolers on theater roofs.

## Masquerading Buses Can't Escape Taxes

LOUISVILLE, Ky., Sept. 4 (AP) —Buses masquerading as loaves of bread and bottles of milk can't hide from taxes here.

Several Louisville Transit company buses have been painted recently to advertise bakery and dairy products.

Today, Ben J. Brumleve, Louisville sinking fund administrator, told the firm, exempt from taxes on franchised activities, it must have a \$10 license and pay 1 percent of its advertising revenue.

## Cent-an-Hour Boost Okayed at 2 Plants

Doehler-Jarvis division and Spicer Manufacturing division have been notified formally of the one-cent-an-hour boost that workers will get beginning Sept. 1 because of a rise in the cost of living.

This was reported yesterday by Howard W. Bartholomew and Morris R. Gavin, plant managers of Doehler's and Spicer's respectively.

The increases are a result of the rise reported the past week in the US Bureau of Labor Statistics index. The cost-of-living factor in pay at these plants is tied to the index under terms of contracts with the union.

## Hunter Fires Big Blast, Fills Air With \$180

NEW CASTLE, Sept. 4 (AP) —Jonah Byers borrowed his son's shotgun and went hunting the other night. Much to his surprise, \$180 figured in killing an albino raccoon.

When the Mahoning township man fired at the animal along nearby Coffee run, \$20 bills filled the air.

His son, Buddy, solved the mystery. He told his father he put nine \$20 bills in the gun barrel for safe keeping.

## New Control Acquired Of Concrete Pipe Firm

The American Marietta company yesterday acquired a controlling interest in the Universal Concrete pipe company of Bridgeport RD, according to word received by The Mercury.

Officials of the plant could not be reached for comment when the notification was made late last night.

## Weekend Offers Stories Stay in Line for Cash!

The hustle and bustle of the holiday weekend should give the alert newswriter ample opportunity to cash in on a few extra dollars.

## Spring Mount Man Injured in Accident

A Spring Mount man was injured slightly last night when his car was involved in accident with an auto operated by a Pottstown RD 3 man.

Treated at Memorial hospital for cuts of the forehead and right knee was John Weidemeyer, Spring Mount.

The accident occurred at 7:40 p. m. when a car driven by Harry Heller, Pottstown RD 3, stopped on West High street to make a left hand turn into a gas station.

The Weidemeyer car plowed into the rear of the Heller car. The front end of the Weidemeyer car and the rear of the Heller car were completely damaged.

Weidemeyer was taken to the hospital by Motor Patrolman Paul I. Galoway.

GENERAL TELLS OF IMPRISONMENT

Rhee Presents Highest Korean Military Award to Dean

SEOUL, Saturday, Sept. 5 (AP)—In the hush of a hospital ward, Maj. Gen. William F. Dean got his first taste yesterday of the hero's acclaim due the man who upset the Red timetable in Korea and paid for it with more than three years imprisonment.

Only a few hours after the Reds freed the gaunt but still high-spirited general, South Korea's President Syngman Rhee pinned on Dean's fatigue jacket the Order of Taeguk, highest military award his country can bestow.

Gen. Mark Clark, UN Far East commander, and Gen. Maxwell Taylor, US 8th Army leader, watched the moving ceremony in the hospital ward where Dean had been taken for a checkup after his release at Panmunjom.

Rhee, his voice quivering with the emotion of the moment, said: "The inspiring example of General Dean accounted in significant measure for the success of the American and Korean soldiers in slowing the onward rush of the invading armies long enough to permit the build-up of an effective line of resistance in the Pusan perimeter."

"The people of Korea will always remember the signal example he provided of a brave man willing to spend himself without care or regret in the full performance of high duty in Korea and noble service to free people throughout the world."

THE date of July 21, 1950—the

ons, about the United Nations' plan of military maneuver in Korea.

Dean wouldn't tell them. "I was threatened but not beaten," he said.

The Reds also called him a "war criminal" for his actions as military governor of South Korea in 1947-1948. They threatened him with punishment but let it go at that.

HE was shifted from camp to camp, always isolated from fellow Americans, finally was returned to the Pyongyang area the past June 16 and to nearby Kaesong Aug. 5.

After October, 1950, the Reds quit persistent questioning but tried to lure him into making radio broadcasts by saying he could thus let his family know he was alive.

"I didn't want to open the door to broadcasts," Dean said.

He got to speak in his native tongue only about once every ten days, then only to Communists. He was allowed no razor. Instead the Reds shaved him, at first once every 17 days, later on once every five.

For more than half of his imprisonment, he was allowed no writing material and no reading material. So he did mathematical problems in his head "just to keep from going nuts."

WHEN HE did get reading material, it was Communist literature. The only English his Korean guards ever spoke they learned from Dean.

"I was addressed for three years as 'you'," he said, imitating the way the Koreans shouted it.

The food at first was skimpy but it improved after July, 1952. Then the Reds served him canned meat and butter.

"They desired me to be well fed but I would split it with the guards," Dean said, "because I couldn't see eating better than they did."

The Reds gave him the deluxe treatment at the last. At Kaesong, he was put in a special villa, assigned a special cook and allowed three shower baths a day under a waterfall.

A TIPOFF that this may have signaled a Red attempt to make propaganda of the Dean case was given Friday by Peiping's Red radio.

(A broadcast heard in San Francisco told in detail about the Kaesong treatment. Then the broadcast charged that the UN command still holds in prison a North Korean army man on charges of having killed Dean. The broadcast quoted released Reds as saying the man was "tortured" into confessing.)

PARTY RESULTS IN SUSPENSIONS

Twenty-nine Student Nurses Disciplined on Beer Drinking

PHILADELPHIA, Sept. 4 (AP)—Because 29 student nurses went to the interns' quarters at suburban Abington Memorial hospital, drank beer and sang "to hell with Abington," the executive director announced today: "Suspension for all."

Morris George, added, however, that the executive members of the nursing committee will meet again to determine what further action may be taken.

Since today was the last day for the girls' training period, he added, they may be given a chance to complete their course.

The beer party, proposed by an unnamed intern, was vetoed by Miss Mabel Hausknecht, director of nursing. But the girls, returning from a picnic of hot dogs and soft drinks the past Tuesday night, decided to have the party, veto or not.

So they rounded up some of the interns and doctors and gathered at the interns' quarters just behind the main building on the hospital grounds. And there it was they lifted beer mugs high and sang their sentiments about Abington.

UNEXPECTED VACATION

SHARON, Sept. 4 (AP)—Elementary school pupils of nearby Clark borough vacationed today after a \$10,000 fire of undetermined origin destroyed their three-room school.

Out at the Plate

BURBANK, Calif., Sept. 4 (AP)—Two boys who stole first, second and third at McCambridge park playground were caught at home by two detectives.

Other boys at the park gave an assist by noting their auto license number. The detectives trailed the car to a home where, they said, they found the boys and the base pads.

The youngsters were turned over to juvenile authorities.

Secretary Retreats On Racial Issue

WASHINGTON, Sept. 4 (AP)—The Agriculture department retreated today in the face of angry Southern protests.

The department announced there was "no conceivable need" for its previous action requiring private bankers to sign anti-discrimination pledges before taking part in the Government's price support program.

Secretary Benson had hinted that the department might reverse itself when he commented recently that he thought the pledges were "unnecessary" and that the final determination might have to be made by President Eisenhower.

Today's about-face was announced by John H. Davis, president of the Commodity Credit Corporation (CCC), the department's farm lending agency, but when reporters asked Davis if the controversy had been "referred to Denver," he replied: "You'll have to talk to Denver."

TITO - ITALIAN SHOWDOWN ON TRIESTE FEARED

Yugoslavs Threaten To March Troops To Border

BELGRADE, Yugoslavia, Sept. 4 (AP)—President Tito of Yugoslavia was believed today preparing to force a showdown on the sizzling dispute with Italy over the future of the Trieste free territory.

Tito's government sent a stiff note to Rome—the fourth Yugoslav note in three days—threatening to march troops to the Italian-Yugoslav frontier north of Trieste unless Italy withdrew troops which Belgrade said were maneuvering on the other side of the border.

The note protested that Italy undertook a military demonstration along the border "when normal diplomatic channels exist through which an explanation could have been sought about differences between the two countries."

Yugoslavia charged that Italy rushed two divisions to the border area last weekend as a show of force under a pretense of fear that Yugoslavia intended to annex her occupation zone of Trieste. Zone B is occupied by 5000 Yugoslav troops under the 1947 Italian peace treaty. Zone A is occupied by Britain and the United States.

"IF THE Yugoslav government establishes that the Italian government continues to adhere to the abnormal situation on the border, it will be forced to undertake corresponding measures on its territory," the note said.

The Italian foreign ministry in Rome said there has been no such military demonstration at the border, but Belgrade radio charged that Italian engineering troops have been digging in along the frontier, building bunkers at strategic points.

Secretary of State Dulles Finds Self In Hot Water in Three World Capitals

WASHINGTON, Sept. 4 (AP)—Secretary of State Dulles found himself in hot water in three world capitals today.

Critics in West Germany, Italy and India assailed his stand on key issues affecting those countries.

There were signs that he may also have ruffled the feelings of a fourth foreign government, Japan, with his comment that the United States was carrying too big a load on behalf of Japan.

Dispatches from Bonn, Germany, New Delhi, India, and Rome cited angry reactions—virtually without parallel in recent years—arising from Dulles' statement in a speech before the American Legion convention at St. Louis on Wednesday and at his news conference here yesterday.

Whether the unfavorable foreign reaction will lead Dulles to speak more guardedly in the future remains uncertain. A lawyer by profession, Dulles has never been known to pull his punches.

Veteran American diplomats were obviously distressed at the denunciation of their chief for his plain-spoken language. Officially, however, the State department tried to ride out the storm by declaring "no comment" when asked to comment on the blasts against Dulles.

In West Germany the German Socialist party, led by Chairman Erich Ollenhauer, denounced Dulles' endorsement of Chancellor Konrad Adenauer's bid for re-election Sunday.

"It is a vicious attempt by the American Government to interfere in the German elections," the party said in a statement.

The Socialists and other German anti-Adenauer political parties kept hammering on this theme in a last-ditch effort to convert Dulles' praise into a liability for the pro-American German leader.

IN INDIA Angry newspapers and some political figures attacked Dulles for his St. Louis speech Wednesday in which he commented on India's persistent neutrality in the Korean war. Dispatches from New Delhi reported American popularity plunged to a new low in the wake of this criticism. Dulles' words were viewed as unsolicited criticism of India for attempting to maintain a foreign policy independent of the East or West.

In Italy US Ambassador Clare Boothe Luce had a long conference at the Italian Foreign office as Italian tempers flared over Dulles' remarks about disputed Trieste.

At his news conference yesterday, the secretary obviously angered the Italian government by saying the United States is open-minded about a Trieste settlement. He said this country has unsuccessfully tried to find an alternative to the 1948 proposal it supported which favors turning the entire Adriatic free zone over to Italy.

NIXON, DULLES CALLED TO TALKS

No Reason Given for Conferences in Denver

DENVER, Sept. 4 (AP)—President Eisenhower will confer here Sunday with Secretary of State Dulles, the Summer White House announced tonight.

Assistant presidential press secretary Murray Snyder also announced that Eisenhower will meet here sometime next week with Vice President Nixon.

Snyder said he had no information on the reason for either conference. He also declined comment on reports that other high Administration officials will come to the President's vacation headquarters for a series of conferences next week.

Dulles last reported to the President personally in mid-August, when he stopped in Denver en route back to Washington from Korea and Tokyo.

EISENHOWER underwent treatment today for a bruised right elbow which has been interfering with his golf and trout fishing for about a month.

He went to the club from his Lowry Air Force base office after moving to strengthen White House liaison with Congress. He named Jack Martin, who was chief aide to the late Sen. Robert A. Taft of Ohio, to be a presidential administrative assistant at a salary of \$15,000 a year.

55-Year-Old Nurse Electrocuted In Poisoning of 2-Year-Old Niece

Tongay Released After Applying for Visa to Enter Mexico

MONTGOMERY, Ala., Sept. 4 (AP)—A 55-year-old nurse died in the electric chair early today for the insurance murder of an affectionate baby niece. She muttered a last plea for forgiveness.

Mrs. Earle Dennison was the first white woman to be executed by electrocution in Alabama. Trembling but outwardly calm, she walked to the chair a few hours after Gov. Gordon Persons refused her desperate plea for executive clemency.

The woman made no protest as she was led to the chair, but she winced and moaned as the straps were tightened about her body.

"Please forgive me everything I did," she whispered before a 2500-volt charge of electricity surged through her thin body. "I forgive everybody."

MRS. DENNISON was convicted of feeding arsenic to 2-year-old Shirley Diann Weldon for \$5500 insurance she had taken out upon the child. She also was accused of murdering a sister of the little girl, but never was tried on this count.

In one of two signed statements admitted at the trial, Mrs. Dennison told how Shirley Diann greeted her with an affectionate hug before the child was poisoned May 1, 1952.

Mrs. Dennison's head was shaved before she went to her death. She wore a loose-fitting blue denim prison dress and black sandals with no hose.

THE attorney said Tongay knows "he has to be back whenever his trial comes up. His whereabouts will be known to us at all times."

Jail Supt. Nolan Orgeron said deputy sheriffs took Tongay, after his release, and his son, Bubba, to a trailer court where they had been staying.

Orgeron took care of Bubba after his father's arrest early today.

The request to arrest Tongay was made by a Dade county, Fla., bondsman who posted \$1000 for Tongay's release after he was indicted in the death of his daughter.

Tongay said he came to New Orleans to apply for a visa to enter Mexico to study under the GI bill at the University of Mexico in Mexico City.

POW TO SEE SISTER

ALTOONA, Sept. 4 (AP)—A 3-year-old sister he has never seen awaits former POW Marvin E. King. Airman 2/C King lived with an uncle in Iowa at the time Mary June was born to his mother and stepfather, Mr. and Mrs. James Mock, of nearby East Freedom.

ONE STEP AHEAD—With the mercury trying to push its way through the top of the thermometer in the East, Janet Levande, a secretary in Brooklyn, N. Y., works out her own system of beating the heat. She has set up her desk for work in a nearby outdoor wading pool.

Temperance Forces Blast Army Order On Selling Liquor

WASHINGTON, Sept. 4 (AP)—Temperance forces arose today against a new Army order permitting liquor to be sold at officers' and non-commissioned officers' messes for the first time in more than 50 years.

Clayton M. Wallace, executive director of the National Temperance league, incorporated, said the order may result in "tragic messes," and that his organization will consider asking Congress to make a change.

The president of the Women's Christian Temperance Union, Mrs. D. Leigh Colvin, predicted in Evanston, Ill., that the new Army policy will bring a storm of protest from mothers.

"More than 20,000 ex-uniformed alcoholics have passed through veterans' hospitals in the last three years," Mrs. Colvin said. The new order, she added, "will double this number."

"WITH commanders instructed to 'encourage abstinence, enforce moderation and punish over-indulgence,' liquor may now be sold by the drink or by the bottle to commissioned and non-commissioned officers over the age of 21.

The directive, issued by Maj. Gen. William E. Bergin, adjutant general, does not provide for sales to enlisted men below NCO rank.

If used with moderation and restraint, Bergin told the Army, the new regulations will "serve to enhance the morale of all concerned."

A few hours after the Army's new regulations became known, the Air Force announced it is putting the same system in effect at all its bases in the United States and its territories.

108 Forest Blazes Fought in Ontario

TORONTO, Sept. 4 (AP)—Hundreds of men hacked and burned zig-zag firebreaks ahead of 108 forest blazes tonight as oncoming lightning storms threatened to start more fires in the dry timberlands of Northern Ontario. Seven fires were out of control.

The firefighters, some of them boys operating outboard motor boats to rush men and supplies ahead of the fire fronts by lake and river, were holding their own against the outbreaks but needed heavy rain to put out the worst fire scourge in the North in 25 years. No heavy rain was in sight but lightning storms were forecast.

Twenty fires broke out in stands of jackpine, hardwood and white birch last night and early today. Some were put out this afternoon.

Five uncontrolled fires were in the North Bay area. One fire, burning unchecked in mixed timber in Gladman township for the past week, has swept over 2400 acres.

Nation-Wide Alarm Issued for Baby Sitter

PHILADELPHIA, Sept. 4 (AP)—A nation-wide alarm was sent out today for a 'teen-aged baby sitter who has disappeared with her neighbor's two-year-old daughter.

The girl, 16-year-old Barbara Murray, rode off in a taxicab with Edith Nelson yesterday morning, half an hour after she arrived to take care of the Nelson child. The mothers of Barbara and the infant work at the same bakery.

When Mrs. Nelson returned home, Barbara and the little girl still had not returned and a small suitcase with clothing belonging to the pair were missing.

TITO - ITALIAN SHOWDOWN ON TRIESTE FEARED

Yugoslavs Threaten To March Troops To Border

BELGRADE, Yugoslavia, Sept. 4 (AP)—President Tito of Yugoslavia was believed today preparing to force a showdown on the sizzling dispute with Italy over the future of the Trieste free territory.

Tito's government sent a stiff note to Rome—the fourth Yugoslav note in three days—threatening to march troops to the Italian-Yugoslav frontier north of Trieste unless Italy withdrew troops which Belgrade said were maneuvering on the other side of the border.

The note protested that Italy undertook a military demonstration along the border "when normal diplomatic channels exist through which an explanation could have been sought about differences between the two countries."

Yugoslavia charged that Italy rushed two divisions to the border area last weekend as a show of force under a pretense of fear that Yugoslavia intended to annex her occupation zone of Trieste. Zone B is occupied by 5000 Yugoslav troops under the 1947 Italian peace treaty. Zone A is occupied by Britain and the United States.

"If THE Yugoslav government establishes that the Italian government continues to adhere to the abnormal situation on the border, it will be forced to undertake corresponding measures on its territory," the note said.

The Italian foreign ministry in Rome said there has been no such military demonstration at the border, but Belgrade radio charged that Italian engineering troops have been digging in along the frontier, building bunkers at strategic points.

Secretary Retreats On Racial Issue

WASHINGTON, Sept. 4 (AP)—The Agriculture department retreated today in the face of angry Southern protests.

The department announced there was "no conceivable need" for its previous action requiring private bankers to sign anti-discrimination pledges before taking part in the Government's price support program.

Secretary Benson had hinted that the department might reverse itself when he commented recently that he thought the pledges were "unnecessary" and that the final determination might have to be made by President Eisenhower.

Today's about-face was announced by John H. Davis, president of the Commodity Credit Corporation (CCC), the department's farm lending agency, but when reporters asked Davis if the controversy had been "referred to Denver," he replied: "You'll have to talk to Denver."

DENVER is President Eisenhower's Summer vacation headquarters.

The pledges required bankers handling price support loans for the CCC to promise not to discriminate against any bank employees or job applicants because of race, creed or color.

Nation-Wide Alarm Issued for Baby Sitter

PHILADELPHIA, Sept. 4 (AP)—A nation-wide alarm was sent out today for a teen-aged baby sitter who has disappeared with her neighbor's two-year-old daughter.

The girl, 16-year-old Barbara Murray, rode off in a taxicab with Edith Nelson yesterday morning, half an hour after she arrived to take care of the Nelson child. The mothers of Barbara and the infant work at the same bakery.

When Mrs. Nelson returned home, Barbara and the little girl still had not returned and a small suitcase with clothing belonging to the pair were missing.

Secretary of State Dulles Finds Self In Hot Water in Three World Capitals

WASHINGTON, Sept. 4 (AP)—Secretary of State Dulles found himself in hot water in three world capitals today.

Critics in West Germany, Italy and India assailed his stand on key issues affecting those countries.

There were signs that he may also have ruffled the feelings of a fourth foreign government, Japan, with his comment that the United States was carrying too big a load on behalf of Japan.

Dispatches from Bonn, Germany, New Delhi, India, and Rome cited angry reactions—virtually without parallel in recent years—arising from Dulles' statement in a speech before the American Legion convention at St. Louis on Wednesday and at his news conference here yesterday.

Whether the unfavorable foreign reaction will lead Dulles to speak more guardedly in the future remains uncertain. A lawyer by profession, Dulles has never been known to pull his punches.

Veteran American diplomats were obviously distressed at the denunciation of their chief for his plain-spoken language. Officially, however, the State department tried to ride out the storm by declaring "no comment" when asked to comment on the blasts against Dulles.

In West Germany the German Socialist party, led by Chairman Erich Ollenhauer, denounced Dulles' endorsement of Chancellor Konrad Adenauer's bid for re-election Sunday.

"It is a vicious attempt by the American Government to interfere in the German elections," the party said in a statement.

The Socialists and other German anti-Adenauer political parties kept hammering on this theme in a last-ditch effort to convert Dulles' praise into a liability for the pro-American German leader.

IN INDIA Angry newspapers and some political figures attacked Dulles for his St. Louis speech Wednesday in which he commented on India's persistent neutrality in the Korean war. Dispatches from New Delhi reported American popularity plunged to a new low in the wake of this criticism. Dulles' words were viewed as unsolicited criticism of India for attempting to maintain a foreign policy independent of the East or West.

In Italy US Ambassador Clare Boothe Luce had a long conference at the Italian Foreign office as Italian tempers flared over Dulles' remarks about disputed Trieste.

At his news conference yesterday, the secretary obviously angered the Italian government by saying the United States is open-minded about a Trieste settlement. He said this country has unsuccessfully tried to find an alternative to the 1948 proposal it supported which favors turning the entire Adriatic free zone over to Italy.

NEW YORK, Sept. 4 (AP)—Four boys visited a Staten Island egg warehouse last night. Result: Fourteen thousand scrambled eggs.

Employees discovered the colossal mess when they got to work this morning and called police. Later two 14-year-olds and two 13-year-olds were arrested and admitted all.

Two of the boys, police said, were on probation after having broken into the same warehouse the past Fall. The boys said they were out for revenge.

The egg people estimated the loss at more than \$1000.

## Pottstown Area's Finest

Hope for the future lies in our schools. The Mercury is publishing pictures of the Pottstown area's finest, the children in our schools. Every day a new room of school children will be shown here. Save the series, and enjoy them anew in future years.

—Mercury Staff Photo  
For Pottstown area children who dread the thought of returning to classrooms, this picture should be an inspiration.

The Fourth graders of South Coventry elementary school started school a week ahead of most other area pupils.

As you can see, all is not gloom here. A few are able to grin and bear with books and blackboards, and the others probably will be grinning soon, too. Cheerfulness is contagious, you know.

The group includes, first row, left to right, Horace Nyman, Lina Curry, Russel Christman, Joan Bodor, Patricia Miller, Bruce Dickinson and Charles Epright, with school principal R. Elwood Potts at right. In second row, same order, are James Fitchthorn, Joan Opperman, Frances Christman, Shirley Miller, Archie Ewing, Shirley Wilson, Eleanor Delwiler and Robert Cedars. Third

row has James Whillach, Janet Nyman, Norman Miller, George Imhof, David Rinehart, Earl Porter and William Dunn.

### Attorney's Office Gets Ticklish Case

CHICAGO, Sept. 4 (AP) — The State's attorney office was handed a ticklish case today, to say nothing of its being full of holes.

The evidence was a pair of men's silk underpants whose owner, a bank employee, said had come back from a laundry starched and ventilated beyond reasonable limits.

The underpants were handmade and cost \$5 a pair, the owner complained. However, he told Miss Rita Epstein of the prosecutor's staff, it wasn't the money, it was the principle of the thing.

Miss Epstein agreed and assured the man her office treats all citizens and taxpayers alike

### Dr. L. Thurston, US Education Head, Dies

WASHINGTON, Sept. 4 (AP) — Dr. Lee M. Thurston, 58, US commissioner of education, died in Georgetown University hospital early today after suffering a heart attack.

regardless of the cost or quality of their underthings.

The owner said he first had gone to the state insurance department where he was told the department has no jurisdiction over starched, or even unstarched, shorts. He had gone there, he said, because the laundry refused to place the damaged clothing.

Miss Epstein, who declined to identify the principals in the dispute, promised to get to the seat of the trouble as quickly as the law allows.

The Michigan educator, who was appointed to the Federal post by President Eisenhower and took office July 2, was stricken the past Saturday.

Eisenhower expressed "deep regret" at Dr. Thurston's death, saying in a statement at Denver: "I had full confidence in his ability and held high hopes for his leadership in that important office."

"Dr. Thurston had a long and distinguished career as an educator," Eisenhower added, "and his death is a real loss, not only to the Government, but also to the cause of American education."

### STATION DAMAGED

PITTSBURGH, Sept. 4 (AP) — Smoke and heat awakened ten train crewmen early today at the Baltimore and Ohio railroad station. They scrambled to safety. Fire of undetermined origin caused damage estimated at \$1000.

### Two Cars Damaged In Intersection Crash

Two cars were damaged yesterday afternoon when one ran into the rear of the second at High and Manatwamy streets.

The accident occurred at 4:30 p. m. when a car operated by Amelia F. Kressly, Douglassville RD 1, ran into a car driven by Jacob Sherman, 521 Lemon street, Stowe.

The Sherman car was stopped prior to making a left hand turn onto Manatwamy street.

The right front fender and frame of the Kressly car were damaged, while damage to the second car was restricted to the rear end.

### Spring Mount Girl In Coma 20th Day

"A 17-year-old Spring Mount girl was still in a coma yesterday — the 20th day she's been unconscious since she was involved in an automobile accident the past Aug. 15 in Lower Frederick township.

The girl is Hattie May Walter, daughter of Mr. and Mrs. William Walter, Spring Mount.

Authorities at St. Luke's hospital, Bethlehem, said the girl's condition is still "critical" and that she is still in an oxygen tent.

The girl was injured while riding with her brother, Perry F. Walter who's in the Air Force. The car was demolished when it hurtled off the road near the victim's home, smashed into an embankment and wound up in a corn field.

### Motorist Pays \$100 Fine On Tippy Driving Charge

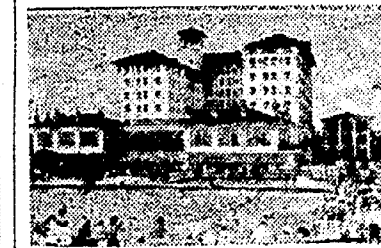

Julius Metz, 450 King street, paid a \$100 fine yesterday after pleading guilty to a drunken driving charge before Montgomery county Judge William F. Dannehower.

Pottstown Patrolman John Kirlin testified that the past July 20, he arrested Metz after seeing him drive his car onto the sidewalk of Franklin street near Walnut street. Metz' car did not collide with any other, Kirlin added.

One of the two cards sent in to the Vacation Editor yesterday was signed by Bette, Gery and Mike Martin of Green Lane, and Marian and Charles Hallman, of Sumneytown.

Robert Nester and their two children, Karen and Jay, and Mr. and Mrs. Charles Stauffer, all of Boyertown, are spending their vacation.

They mentioned that they are enjoying the cool 76-degree temperature water.

This is the 39th in a series of articles showing how Pottstown's youth is preparing for the future.

The ways of a college student are not always straight and smooth and Walter Fillman, of 71 Edgewood street, isn't wasting any

which he plans to enter next week.

In addition to the money he has earned while working for the Great Oak Spring Water company, Walt will continue to have an income at college by working in the school cafeteria.

"I was lucky," he said, "I got the job through the track coach, Gil Joyner, at college."

WHILE SPEAKING about his up and coming job, Walt added that he also was a member of the Pottstown High school track team during his Senior year.

He said he plans to try out for the track team at William and Mary.

Walt, who is 16-years-old and the son of Mr. and Mrs. Kenneth Fillman, explained that he really doesn't know what course he will pursue in college.

"For the first two years, you see," he went on, "everybody gets just about the same type of work to do, then the last two years are devoted to your major."

When asked when he expected to leave for college, Walt said, "I'll be leaving Pottstown the day after Labor Day."

Among the courses Walt liked best in High school were English literature, French and Physics. Among the things he likes doing best is "just relaxing."

Already this Summer he has earned enough money to keep him going through his Freshman year at William and Mary college.

### Heat Puts Quick End To Union Meeting

The heat cut short a meeting of Local 715, of the International Typographical Union, yesterday afternoon.

But despite the heat the organization met, long enough to get something accomplished.

Two reports were made. One from the by-law committee chairman and the other from the Eastern Pennsylvania-Delaware Typographical conference delegate.

John Quinter made the by-law report, while William Kozlowski reported on the conference held in Reading the past month.

President James Fagley announced that the next quarterly session of the Eastern Pennsylvania-Delaware Typographical Conference will be held in East Stroudsburg during the first week in November.

### Does Public Want Good Books . . . Or Just Sex, Sadism?

Is there such a thing as a mass American market for good literature—as contrasted with "sex and sadism"?

Fortune magazine reports that there is indeed a new mass market that will buy high-quality, paper-bound books—if the publishers learn how to exploit it.

What holds the publishers back is the very machinery of production and distribution that has enabled them to turn out an estimated 300 million paper-bound copies this year.

The paper-bound publishing firms must issue titles at a breakneck pace, and to keep their retail outlets they must supply them with titles that sell fast. Hence the temptation to pick sure-fire material ("sex and spice and things not nice").

But is that the only kind of material that sells? It is "unsurprising" that the public has shown a taste for titillation. What is "startling" is the apparent desire for information and "culture."

For example: total sales so far of Mickey Spillane's "The Big Kill" are over five million, his "I, the Jury" three million; but—

"The Iliad" and "The Odyssey" each have sold around 800,000 copies in their paper-bound editions;

"Dialogues of Plato" and "The Confessions of St. Augustine" each have sold more than 500,000 copies;

"The Pocket Book of Verse" has sold 1,600,000 copies;

Ruth Benedict's "Patterns of Culture" has sold 400,000 (it sold only 11,000 in its hard-cover edition);

The "Pocket Book of Baby and Child Care" has sold more than five million copies (hard-cover edition: some 60,000);

There were ten million copies of New American Library's nonfiction Mentor titles sold last year (including John Dewey's "Reconstruction in Philosophy," Irwin Edman's "Arts and the Man").

The publishers of "trade books" (hard-cover fiction and nonfiction aimed at the general market) took over creative leadership in new fiction from the magazines soon after 1900.

Today, "its growing reliance on paper-bound revenue is a sign that trade publishing is becoming dependent on a mass market over which it exerts no creative leadership."

Fortune estimates that trade publishing last year made close to \$2 million through sale of paper-bound reprint rights.

Most paper-bound houses have, by their publishing record, apparently taken the view that they would rather pander than risk attempts at leadership. But the older and more successful houses have shown signs of wanting to break out of the stifling confines of sex and sadism. Ironically, their biggest obstacle is the very production-and-distribution machinery that brought them to their market.

Rapid-fire title production has been blamed also for what one paper-bound executive calls the "mounting proportion of undistinguished" reprints. "Editors must meet deadlines," he says, "and editors are fallible. If a good book isn't available, then a mediocre one must do."

To stay on the newsstands, the paper-bound publisher has to supply titles that sell and sell fast. The alert retailer thinks in terms of turnover per rack space. Says one wholesaler: "For places like terminals and hotels where there is constant traffic, it doesn't matter. But in the small neighborhood store, the same people go in day in and day out. If it's not what they want the first week, they'll never read it."

Yet the paper-bound publishers can point to some literary accomplishments:

Pocket Books has brought to market titles like "A Tale of Two Cities" and Thomas Mann's "Buddenbrooks." The English Penguin books, Modern Library's paper-bound series, the Rinehart college line, and the new Anchor books, have distribution now centered around colleges and what one publisher calls "more sophisticated" communities.

"In some cases, however, these books have done well in heavily trafficked centers and their market appears to be expanding," Fortune adds.

Once the paper-bound publisher licks "the machine," there's no telling what he can do if he wants to.

### Pottstown's Traffic Woes

To the Editor: Lack of adequate parking space is a problem. Some parking evils I have encountered and observed in the Pottstown business are:

1. Allowing delivery trucks special privileges (one of the traffic police told me they had) not permitted the private car owner.

One morning recently, on the south side of High street between Charlotte and Hanover streets, two metered parking spaces were vacant. But they were inaccessible because delivery trucks were double-parked while making deliveries. So the borough was cheated of the parking fee and I was cheated of a place to park.

2. On another occasion, I was blocked for ten minutes in a parking space while a truck, which had double-parked alongside my car, made deliveries on both sides of the street. This not only tied up my parking space thereby preventing someone else from using it, but prevented me from going about my other business.

3. I have observed truck drivers repeatedly ignore empty curb spaces because they did not want to take the time or trouble to park. I have also observed trucks double-parked at an angle to the curb instead of parallel to it, thus creating driving hazards for others.

In order to improve traffic conditions, truck deliveries should be made from the alleys or back streets wherever possible.

Deliveries are important, but if there were no customers there would be no deliveries. Let the same traffic laws apply to the truck and to the private car.

Another means of relieving parking congestion would be to liberalize the zoning laws and encourage business to spread out instead of herding together on High Street.

To the Editor: In answer to the letter by Hilda Eshelman ("She's for the Males Showing Their Legs," Readers Say, Sept. 4)

The women in the picture are wearing bathing suits, which are seen on very few of earth's streets.

Bathing suits are even barred on the seashore boardwalks if capes or covers of some kind are not worn over them. Men are dressed just about as scantily when in bathing suits, even to the extent of no tops.

I think most women have no objection to men wearing shorts, but it's the subjects themselves who choose not to use them.

After all, exposed legs don't make a whale of a lot difference in the comfort of a man in Summer anymore than of a woman in Winter.

It's the upper part of the person that counts. Most men prefer going with less

As for the "weeping winnies" of the SPCA, give them three cheers for the wonderful job they are doing in taking animals from irresponsible "nincompoops," and finding good homes for them.

I love animals! Both of my animals were, and Duke still is, wonderful. One of my neighbors will contradict me because of the mutual hatred of animals, but the people next door and those living behind my home love my dog, Duke and she likes them.

What Pottstown needs is a concrete cage for stupid, obtuse, people who vent their ignorant, pleasure seeking times on caged animals.

If I were a dog I'd rip some throats out.

## The Voice of Broadway

By DOROTHY KILGALLEN

### Times Square Cuff Notes:

The family of the late George M. Cohan is going back into the business of music and lyrics. They'll open a big music publishing office on the Gay White Way within the next three weeks, and along with new tunes will turn out some hitherto unreleased songs penned by the famed song-and-dance man.

The address of the firm is singularly appropriate to the memory of the man who wrote such patriotic ditties as "Yankee Doodle Dandy" and "It's A Grand Old Flag"—1776 Broadway!

The underworld is sure that Lala Lynch didn't get to keep the \$2000 a month he drew from Yonkers Raceway. His standing with the "boys" didn't rate that.

FORMER MAYOR Bill O'Dwyer is ready to toss a hefty lawsuit against a magazine for males, because of the unflattering piece in its current issue. He's particularly angry because the recent series by Lester Velie was in the "almost friendly" class, bringing him consi-

derable sympathetic reaction.

Ironical that Raymond Loewy's apartment was robbed last week. He just finished designing a burglar-proof vault for the Sherman hotel in Chicago.

Previewers say that Ava Gardner filches "Mogambo" from Clark Gable, Grace Kelly, and even the African flora and fauna, who are pretty snappy scene-stealers. . .

MANY OF Manhattan's biggest book-makers are now operating in quiet contentment in Montreal and Toronto, where the authorities don't think betting on horses is a sin. You just call in your bets collect.

Hot political rumor around sizzling Washington has the late Senator Taft's son, Robert Jr., running for his Dad's Senate seat in '54. . . Most Hollywood colonists are vehemently on the side of Kay Williams in her troubles with her ex-husband, Adolph Spreckles.

Watch the smoke of a girl named Verna Leeds. A cute blonde from upstate New York, Verna recently recorded a gagged-up version of the old tune, "Love In Bloom," and it's been doing well along the juke box-disc juke circuit. Jack Benny, who has every right to consider the song his trademark, got such a kick out of the platter he's made inquiries about Verna, may find her a spot on his Winter TV show.

## The Worry Clinic

By DR. GEORGE W. CRANE

PAUL S. is the son of a Baptist minister.

"Dr. Crane, what would you list as the selling points for Christianity?" he asked me.

"I have listened to preachers and evangelists all my life. About the only selling point they offer is escape from the penalty of sin."

"They try to keep their parishioners out of hell. They seem to think the Gospel can be sold on its death benefits."

"But Christ said that he came so we human beings could enjoy the more abundant life. That seems a positive idea to me, yet so many clergymen are negative."

MOST OF OUR modern clergymen don't fall into the category of these old-fashioned orators who tried to sell religion as an escape from hell.

Instead, they follow Christ's positive teachings. For Christianity is outstanding as an extrovertive faith.

Most of the other religions of the past have operated as a religious "closed shop." Only their own race or fellow members counted.

So they weren't greatly interested in missionary work, for they didn't want to include people of other races or color. They were smug little groups of egotists who thought they alone would enter heaven.

But Jesus reversed that idea. He opened his positive Gospel to everybody. He sent out missionaries ahead and urged his followers to go into all nations.

Moreover, he told people to quit thinking of their own selfish goals and to turn their attention outward.

So he gave us the Golden Rule, which is the outstanding recipe for true extroversion of personality.

CHRIST WAS unique, therefore, in doing things. He fed the hungry and healed the sick and offered a spiritual tonic to the idealists who were being smothered under pagan materialism.

Other religions demanded that babies be thrown to the crocodiles, or into the fiery furnace of an idol named Baal. Or even into the Ganges river, up till the beginning of this century. But not Christianity!

And many religions stressed details and ritual far too much. They might try to restrict the diet, but no true religion can be developed at the gastric level!

SOLDIER KILLED—Technical Sgt. Gerald D. Endy, son of Edward E. Endy, 1392 Queen street, was killed in a crash dive of a Flying Fortress near Memphis, Tenn. He was a mechanic and was a member of the crew. He was a former employee of the Doehler plant here.

DEER KILLED—A 150 pound buck was killed on the pike near Sanatoga by a motor car. The carcass was given to a game warden by Wayne Geary, proprietor of the Pottstown airport. The meat was presented to a local hospital.

## REICH PEOPLE'S CHOICE

## Hollywood

By EDITH GWYNN

HOLLYWOOD, Sept. 4 — There have been so many conflicting items about Metro plans and players, we decided to get a straight ear-ful from studio boss, Dore Schary. He says

"Quentin Deward" once set as a Robert Taylor starrer probably won't be made with Bob at all. After Taylor does "Valley of the Kings" in Egypt, he'll do a western, "Many Rivers to Cross." But not till next Spring... Though this department loathes long-range announcements, next

Spring will also find Ava Gardner and Frank Sinatra doing "St. Louis Woman." Schary says there's a svelegant role in this one for F. S. Thass nize! Meanwhile, Ava's imminent "vacation" here may be permanent. Because there's a chance her "Paris Story" will be filmed in Hollywood instead of Europe.

THAT LOUD noise you just heard was Gordon McRae being dropped from Warners. But Gordon doesn't give a darn! Reason:—He wanted out anyway because he couldn't wangle TV rights. McRae's release leaves the studio with only Doris Day, Joan Weldon and two others under contract! Looks like Jack Warner is planning to star in his own pictures! . . . Lana Turner's trip to Italy has not turning to do with Kirk Douglas, as some surmise! Nor with Lex Barker —except indirectly. Again we gotta cut this "bulletin" short. More anon. . . Richard Widmark and Denise Darcel may go into "The True and the Brave" with Lana and Clark Gable, about to be lensed on the Continent.

SHIRLEY TEMPLE looked and "performed" so well on the Television for Multiple Sclerosis, it will be a shame if she doesn't take up her career again. Shirley was real tear-wringing telling about her brother so suddenly and tragically stricken with the disease. George is at Sawtelle Vet's hospital where he's getting the best care, lest anyone makes snide cracks about why Shirley hasn't put him in a private hospital. . . After one of the longest engagements on record, Slapsie Maxie Rosenbloom and "Mopsy" Parker will marry here within a week. So they say! . . . Dunno why, but Tony Curtis is studying voice. Singing, that is! . . . Milton Sperling plans producing another of those science-fiction flickers. His is titled, "The Men From Earth." Now, there's a switch! . . . Another switch is Vera Vague starring in the movie, "Ring Around Miss Rosie." This yarn was originally intended as a TV series for Vera—about Lonely Hearts clubs.

## ALL AROUND THE TOWN

## It Must Be The Heat . . . Better for Vinegar Works...

★ MUST'VE BEEN THE HEAT—Edgar Martin, Mercury composing room employee reported to work the other evening with his lunch box. Later in the evening, he looked in vain for his lunch box in the locker room. "Someone's a thief," he muttered. Someone discovered his lunch box hours later on a ledge outside The Mercury office. "Heat getting you?" his fellow-employees jeered. His face was red all right, but not from the heat. He had forgotten to take the box in with him to work. . . Mr. and Mrs. Louis Carlier, High and Evans streets, winged to Paris from New York in flying time of 13 hours for their vacation. They left New York 4:30 p. m., stopped an hour at Gander field, Newfoundland, and arrived in Paris at 6:30 a. m. (which was 11:30 a. m. Pottstown time). They were just in time for lunch, Carlier reported, in "bearable" temperature of 78 degrees.

★ GRANDDADDY FROG — 7-year-old WILLIAM EUGENE BRADY, son of MR. AND MRS. FRANCIS J. BRADY, Colebrookdale manor, near Boyertown, had been stalking a huge frog for days along the Ironstone creek in front of his home. He even took nets along. Yesterday morning, he caught the big bullfrog with his bare hands. The frog was a good ten inches long from feet to head. After the capture, Mrs. Brady reported, the frog's eyes would water and it would make a crying-like noise whenever the 7-year-old picked it up. The youngster has decided reluctantly to return the frog to its stream.

★ DOUBLE SIGNIFICANCE—The Rev. C. LeRoy DePfontaine, 1206 Queen street, and his son, Walter DePfontaine, 455 King street, have applied for registration of the name, Dupri shop, for the part-time business they conduct at the Queen street address. Dupri, in addition to being reminiscent of DePfontaine, is for DUPLICATING and PRInting. The father is supervisor of engineering records for Jacobs Aircraft Engine company. A former Presbyterian pastor in Western Pennsylvania, the father has frequently been Summer guest preacher in Pottstown area pulpits. The son is in the accounting department of Sepco corporation.

★ ODD LICENSE—Maybe it'd be better for a pickle concern! The license plate on one of the Philadelphia Dry Cleaners trucks reads: S O O U R . . . Don't, when your house burns down, run in the last minute just to try to snatch your insurance policies out of a blazing room. Destruction of a policy doesn't void payments under it. Report the loss to the company and you get a replacement. Every year there are fatalities reported in cases where fire victims have dashed into a burning house just to save insurance policies. It isn't necessary.

★ HOLIDAY HINT—If you're going away over the Labor Day holidays, or for a September vacation, there's no need to let your house plants dry up and perish. Soak some bricks in a kettle over night. Then drain off the water until it's one inch below the surface of the bricks. Water the plants and set them on the bricks. This simple method will keep them for approximately two weeks. Or take several thicknesses of this newspaper. Water the newspaper to a saturation point and put your plants on the newspaper. This, too, will provide water for the plants for at least two weeks. Or sink pots to the rim in a packing of sand or sawdust. Saturate the packing and water the plants. This method is good for you lucky ones who have from three to six weeks of vacation. Be sure the plants are kept in a well-ventilated spot.

## YOUR HEALTH

By HERMAN N. BUNDESEN, M.D.

A CHILD can develop severe symptoms of shock from a burn, even though it involves less than 10 percent of the body surface.

That is why a severe burn is more rapidly fatal to a child than to an adult, although a less extensive area of the body may be affected.

The first symptom a child may develop after a severe burn is excessive, uncontrollable thirst. There may be a collapse of the blood vessels following this, with a pale, clammy appearance and thready pulse.

The child is not as responsive to questioning as he would be normally, and he does not put out an adequate amount of urine. He is extremely drowsy and restless, and may seem somewhat mentally confused.

Once burn shock occurs, it is steadily progressive and needs immediate treatment. Most children require hospitalization since there is a loss of fluid from the blood in this type of shock. This must be replaced by giving either blood or plasma into a vein.

Blood tests can be performed in which the amount of shock and loss of body fluids can be determined. Many of these children will require oxygen and other supportive measures until the crisis of the burn shock passes.

Of course, the treatment of the severe burns with such measures as skin grafting, are usually left until the child totally recovers from the shock and is once again in normal condition.

It is important that any child having an extensive burn be seen by a physician, for a burn can work far greater havoc on a child than on an adult.

## Does Public Want Good Books . . . Or Just Sex, Sadism?

Is there such a thing as a mass American market for good literature—as contrasted with "sex and sadism"?

Fortune magazine reports that there is indeed a new mass market that will buy high-quality, paper-bound books if the publishers learn how to exploit it.

What holds the publishers back is the very machinery of production and distribution that has enabled them to turn out an estimated 300 million paper-bound copies this year.

The paper-bound publishing firms must issue titles at a breakneck pace, and to keep their retail outlets they must supply them with titles that sell fast. Hence the temptation to pick sure-fire material ("sex and spice and things not nice").

But is that the only kind of material that sells? It is "unsurprising" that the public has shown a taste for titillation. What is "startling" is the apparent desire for information and "culture."

For example, total sales so far of Mickey Spillane's "The Big Kill" are over five million, his "I, the Jury" three million; but—"The Iliad" and "The Odyssey" each have sold around 800,000 copies in their paper-bound editions;

"Dialogues of Plato" and "The Confessions of St. Augustine" each have sold more than 500,000 copies;

"The Pocket Book of Verse" has sold 1,600,000 copies;

Ruth Benedict's "Patterns of Culture" has sold 400,000 (it sold only 11,000 in its hard-cover edition);

"The Pocket Book of Baby and Child Care" has sold more than five million copies (hard-cover edition: some 60,000);

There were ten million copies of New American Library's nonfiction Mentor titles sold last year (including John Dewey's "Reconstruction in Philosophy," Irwin Edman's "Arts and the Man").

The publishers of "trade books" (hard-cover fiction and nonfiction aimed at the general market) took over creative leadership in new fiction from the magazines soon after 1900.

Today, "its growing reliance on paper-bound revenue is a sign that trade publishing is becoming dependent on a mass market over which it exerts no creative leadership."

Fortune estimates that trade publishing last year made close to \$2 million through sale of paper-bound reprint rights.

Most paper-bound houses have, by their publishing record, apparently taken the view that they would rather pander than risk attempts at leadership. But the older and more successful houses have shown signs of wanting to break out of the stifling confines of sex and sadism. Ironically, their biggest obstacle is the very production-and-distribution machinery that brought them to their market.

Rapid-fire title production has been blamed also for what one paper-bound executive calls the "mounting proportion of undistinguished" reprints. "Editors must meet deadlines," he says, "and editors are fallible. If a good book isn't available, then a mediocre one must do."

To stay on the newsstands, the paper-bound publisher has to supply titles that sell and sell fast. The alert retailer thinks in terms of turnover per rack space. Says one wholesaler: "For places like terminals and hotels where there is constant traffic, it doesn't matter, but in the small neighborhood store, the same people go in day in and day out. If it's not what they want the first week, they'll never read it."

Yet the paper-bound publishers can point to some literary accomplishments:

"Pocket Books has brought to market titles like 'A Tale of Two Cities' and 'The Man of Men'—the 'Buddenbrooks.' The English Penguin books, Modern Library's paper-bound series, the Rinehart college line, and the new Anchor books, have distribution now centered around colleges and what one publisher calls 'more sophisticated' communities."

"In some cases, however, these books have done well in heavily trafficked centers and their market appears to be expanding," Fortune adds.

Once the paper-bound publisher leans "the machine," there's no telling what he can do if he wants to.

An animal reflects the impressions of the people around it. I have never slapped my pets for barking too much. If you have only come in contact with "dirty mongrels," my advice is change your circle of friends.

Anyone who harms or mutilates a poor defenseless animal is a coward! They are no better than the ignorant parents who are constantly publicized because they beat tiny infants.

As for the "weeping willies" of the SPCA, give them three cheers for the wonderful job they are doing in taking animals from irresponsible "nincompoops," and finding good homes for them.

I love animals! Both of my animals were, and Duke still is, wonderful. One of my neighbors will contradict me because of the mutual hatred of animals, but the people next door and those living behind my home love my dog, Duke and she likes them.

What Pottstown needs is a concrete cage for stupid, obtuse, people who vent their ignorance, pleasure seeking times on caged animals.

If I were a dog I'd rip some throats out.

### Gloomy Hints Seen On September Rally

By RAY TUCKER

WASHINGTON, Sept. 4—Stevensonian Democrats have received premonitory hints that their homecoming hero's 1956 ambitions, if any, may be buried rather than resurrected at the Sept. 14-15 rally in Chicago. It may turn into a tragedy for the 1952 nominee and the party, as so often happens when out-of-power politicians try to harmonize with broken instruments and too many leaders of the band.

As originally planned, the Midwest conference was designed to provide a stage for Stevenson's terpsichorean but purposeful re-entry as the interim director of Democratic policies and affairs.

The full spotlight was to have been reserved for him. He was to make the only principal address, which was to be a half-hour non-partisan report on his world trip and prospects. There was to be no sharp attack on the Eisenhower Administration.

In addition, Stevenson was to confer with regional leaders in a nearby suite in the Conrad Hilton hotel. Without treading on any individual's or faction's toes, he was to assume a firm control of the organization's machinery. It was anticipated that his personal charm would captivate every regional podesta who did not exert himself on his behalf the past November.

NONPOLITICAL GATHERING? The original program did not contemplate that ex-President Harry S. Truman should be invited.

It was quickly noted by politicians, political writers and commentators that Truman would regard such neglect as a mortal affront.

Moreover, it would be interpreted as an admission that Stevenson Democrats were not too proud of the former President's record, which would be true.

Never in the campaign, and not even now, has Adlai been able to reconcile his principles with Harry's hard-boiled, backroom concepts.

BELATED INVITATION TO HST: Within a week after this ringside speculation on the Stevenson-Truman relationship, Democratic National Chairman Stephen A. Mitchell sent a belated invitation to Independence, Mo. Truman accepted by return mail. Thus, there will be two main acts on the bill, which make it an embarrassing for political as for vaudeville managers. Two stars on the same stage are too many.

A former President cannot be kept in a rear row or sneaked around Chicago through back alleys, especially Harry S. Truman. For appearance's sake, he must be accorded 21-gun salutes.

But the Stevensonians' gnawing fear is that "Whistlestop" Harry will cut loose with a vicious and ill-tempered outburst against the popular Eisenhower. That will offset settled political and loyal opposition to the White House, until Ike has begun to slip in public esteem.

Finally, as forecast here, Dixie's most prominent Democrats have not been invited, or will not attend, even if asked to be on hand. They will not honor any party celebration held under Stevenson-Truman-Mitchell auspices.

Obviously, a Democratic convention without Byrd of Virginia, Byrnes of South Carolina, Holland of Florida, Shivers of Texas and their friends will be like Hamlet without the Prince, the King, the Queen and the weepy Ophelia!

## The Voice of Broadway

By DOROTHY KILGALLEN

### Times Square Cuff Notes

The family of the late George M. Cohan is going back into the business of music and lyrics. They'll open a big music publishing office on the Gay White Way within the next three weeks, and

along with new tunes will turn out some hitherto unreleased songs penned by the famed song-and-dance man.

The address of the firm is singularly appropriate to the memory of the man who wrote such patriotic ditties as "Yankee Doodle Dandy" and "It's a Grand Old Flag"—1776 Broadway!

The underworld is sure that Lala Lynch didn't get to keep the \$2000 a month he drew from Yonkers Raceway. His standing with the "boys" didn't rate that.

FORMER MAYOR Bill O'Dwyer is ready to toss a hefty lawsuit against a magazine for males, because of the unflattering piece in its current issue. He's particularly angry because the recent series by Lester Velie was in the "almost friendly" class, bringing him consid-

derable sympathetic reaction.

Ironical that Raymond Loewy's apartment was robbed last week. He just finished designing a burglar-proof vault for the Sherman hotel in Chicago.

Previewers say that Ava Gardner filches "Mogambo" from Clark Gable, Grace Kelly, and even the African flora and fauna, who are pretty snappy scene-stealers. . .

MANY OF Manhattan's biggest book-makers are now operating in quiet contentment in Montreal and Toronto, where the authorities don't think betting on horses is a sin. You just call in your bets collect.

Hot political rumor around sizzling Washington has the late Senator Taft's son, Robert Jr., running for his Dad's Senate seat in '54. . . Most Hollywood colonists are vehemently on the side of Kay Williams in her troubles with her ex-husband, Adolph Spreckels.

Watch the smoke of a girl named Verna Leeds. A cute blonde from upstate New York, Verna recently recorded a gagged-up version of the old tune, "Love in Bloom," and it's been doing well along the juke box-disc circuit. Jack Benny, who has every right to consider the song his trademark, got such a kick out of the platter he's made inquiries about Verna, may find her a spot on his Winter TV show.

## The Worry Clinic

By DR. GEORGE W. CRANE

PAUL S. is the son of a Baptist minister.

"Dr. Crane, what would you list as the selling points for Christianity?" he asked me.

"I have listened to preachers and evangelists all my life. About the only selling point they offer is escape from the penalty of sin."

"They try to keep their parishioners out of hell. They seem to think the Gospel can be sold on its death benefits."

"But Christ said that he came so we human beings could enjoy the more abundant life. That seems a positive idea to me, yet so many clergymen are negative."

MOST OF OUR modern clergymen don't fall into the category of these old-fashioned orators who tried to sell religion as an escape from hell.

Instead, they follow Christ's positive teachings. For Christianity is outstanding as an extroverted faith.

Most of the other religions of the past have operated as a religious "closed shop." Only their own race or fellow members counted.

So they weren't greatly interested in missionary work, for they didn't want to include people of other races or color. They were smug little groups of egotists who thought they alone would get to heaven.

But Jesus reversed that idea. He opened his positive Gospel to everybody. He sent out missionaries ahead and urged his followers to go into all nations.

Moreover, he told people to quit thinking of their own selfish goals and to turn their attention outward.

So he gave us the Golden Rule, which is the outstanding recipe for true extroversion of personality.

CHRIST WAS unique, therefore, in doing things. He fed the hungry and healed the sick and offered a spiritual tonic to the idealists who were being smothered under pagan materialism.

Other religions demand that babies be thrown to the crocodiles, or into the fiery furnace of an idol named Baal. Or even into the Ganges river, up till the beginning of this century. But not Christianity!

And many religions stressed details and ritual far too much. They might try to restrict the diet, but no true religion can be developed at the gastric level!

## In Retrospect

### 50 Years Ago

Sept. 5, 1903.

QUIET HOLIDAY—Labor Day was observed in Pottstown in a quiet manner. The Iron Molders held a picnic at Sanatoga park and the Carpenters union held an outing at Ringing Rocks park. Thousands of persons visited the parks. The Retail Clerks union joined in a celebration at Croyersford.

WHEAT GROWER—L. P. Davis, proprietor of the Seven Stars hotel at Ridge road, is the champion wheat grower of this section. His yield was 50 bushels to the acre. Wheat is around a dollar a bushel at the present time.

### 25 Years Ago

Sept. 5, 1928.

NUPTIAL EVENT—Catharine Sprouser, daughter of George W. Sprouser, Reading, was married to Daniel J. Keck, of Niagara, Wis. The groom is a son of the late David J. Keck, well-known businessman of Pottstown. He is a graduate of The Hill school and the Massachusetts Institute of Technology.

NEW SECRETARY—Evelyn Mead Hughes, formerly of the York YWCA has assumed her duties as general secretary of the Pottstown YWCA. She is a graduate of the University of Kansas and formerly taught school in Kansas and Missouri.

RETURN HOME—Assemblyman and Mrs. John W. Storb and son John W. Storb Jr., have returned from a two months' tour of Europe, most of the time being spent in Germany. They made a 3000 mile tour in a rented car. Storb claims Germans do not want another war like the Kaiser forced on them.

### 10 Years Ago

Sept. 5, 1943.

SOLDIER KILLED—Technical Sgt. Gerald D. Endy, son of Edward E. Endy, 1392 Queen street, was killed in a crash dive of a Flying Fortress near Memphis, Tenn. He was a mechanic and was a member of the crew. He was a former employee of the Doehler plant here.

DEER KILLED—A 150 pound buck was killed on the pike near Sanatoga by a motor car. The carcass was given to a game warden by Wayne Geary, proprietor of the Pottstown airport. The meat was presented to a local hospital.

## REICH PEOPLE'S CHOICE

## Hollywood

By EDITH GWYNN

HOLLYWOOD, Sept. 4—There have been so many conflicting items about Metro plans and players, we decided to get a straight earful from studio boss, Dore Schary. He says

"Quentin Durdward" once set as a Robert Taylor starrer probably won't be made with Bob at all. After Taylor does "Valley of the Kings" in Egypt, he'll do a western, "Many Rivers to Cross." But not till next Spring... Though this department loathes long-range announce-

ments, next Spring will also find Ava Gardner and Frank Sinatra doing "St. Louis Woman." Schary says there's a sweet role in this one for F. S. Thass nize! Meanwhile, Ava's imminent "vacation" here may be permanent. Because there's a chance her "Paris Story" will be filmed in Hollywood instead of Europe.

THAT LOUD noise you just heard was Gordon McRae being dropped from Warners. But Gordon doesn't give a darn! Reason—He wanted out anyway because he couldn't wangle TV rights. McRae's release leaves the studio with only Doris Day, Joan Weldon and two others under contract! Looks like Jack Warner is planning to star in his own picture! . . . Lana Turner's trip to Italy has but nothing to do with Kirk Douglas, as some surmise! Nor with Lex Barker—except indirectly. Again we gotta cut this "bulletin" short. More anon. . . Richard Widmark and Denise Darcel may go into "The True and the Brave" with Lana and Clark Gable, about to be lensed on the Continent.

SHIRLEY TEMPLE looked and "performed" so well on the Television for Multiple Sclerosis, it will be a shame if she doesn't take up her career again. Shirley was real tear-wringing telling about her brother so suddenly and tragically stricken with the disease. George is at Sawtelle Vet's hospital where he's getting the best care, lest anyone makes snide cracks about why Shirley hasn't put him in a private hospital. . . After one of the longest engagements on record, Slapsie Maxie Rosenbloom and "Mopsy" Parker will marry here within a week. So they say! . . . Dunno why, but Tony Curtis is studying voice. Singing, that is! . . . Milton Sperling plans producing another of those science-fiction flickers. His is titled, "The Men From Earth." Now, there's a switch! . . . Another switch is Vera Vague starring in the movie, "Ring Around Miss Rosie." This yarn was originally intended as a TV series for Vera—about Lonely Hearts clubs.

On Sunday, Sept. 6: 1901—President William McKinley fatally shot by assassin at Buffalo. 1914—Decisive Battle of the Marne began in World War I.

## Pottstown Sketches

## ALL AROUND THE TOWN

### It Must Be The Heat . . . Better for Vinegar Works...

★ MUST'VE BEEN THE HEAT—Edgar Martin, Mercury composing room employee reported to work the other evening with his lunch box. Later in the evening, he looked in vain for his lunch box in the locker room. "Someone's a thief," he muttered. "Someone discovered his lunch box hours later on a ledge outside The Mercury office. "Heat getting you?" his fellow-employees jeered. His face was red all right, but not from the heat. He had forgotten to take the box in with him to work. . . Mr. and Mrs. Louis Carlier, High and Evans streets, winged to Paris from New York in flying time of 13 hours for their vacation. They left New York 4:30 p. m., stopped an hour at Gander field, Newfoundland, and arrived in Paris at 6:30 a. m. (which was 11:30 a. m. Pottstown time). They were just in time for lunch, Carlier reported, in "bearable" temperature of 78 degrees.

★ GRAMMADY FROG — 7-year-old WILLIAM EUGENE BRADY, son of MR. AND MRS. FRANCIS J. BRADY, Colebrookdale manor, near Boyertown, had been stalking a huge frog for days along the Ironstone creek in front of his home. He even took nets along. Yesterday morning, he caught the big bullfrog with his bare hands. The frog was a good ten inches long from feet to head. After the capture, Mrs. Brady reported, the frog's eyes would water and it would make a crying-like noise whenever the 7-year-old picked it up. The youngster has decided reluctantly to return the frog to its stream.

★ DOUBLE SIGNIFICANCE—The Rev. C. LeRoy DePonte, 1206 Queen street, and his son, Walter DePonte, 455 King street, have applied for registration of the name, Dupri shop, for the part-time business they conduct at the Queen street address. Dupri, in addition to being reminiscent of DePonte, is for DUPLICATING and PRInting. The father is supervisor of engineering records for Jacobs Aircraft Engine company. A former Presbyterian pastor in Western Pennsylvania, the father has frequently been summer guest preacher in Pottstown area pulpits. The son is in the accounting department of Senco corporation.

★ ODD LICENSE—Maybe it'd be better for a pickle concern! The license plate on one of the Philadelphia Dry Cleaners trucks reads: S O O U R. . . Don't, when your house burns down, run in the last minute just to try to snatch your insurance policies out of a blazing ruin. Destruction of a policy doesn't void payments under it. Report the loss to the company and you get a replacement. Every year there are fatalities reported in cases where fire victims have dashed into a burning house just to save insurance policies. It isn't necessary.

★ HOLIDAY HINT—If you're going away over the Labor Day holidays, or for a September vacation, there's no need to let your house plants dry up and perish. Soak some bricks in a kettle over night. Then drain off the water until it's one inch below the surface of the bricks. Water the plants and set them on the bricks. This simple method will keep them for approximately two weeks. Or take several thicknesses of this newspaper. Water the newspaper to a saturation point and put your plants on the newspaper. This, too, will provide water for the plants for at least two weeks. Or sink pots to the rim in a packing of sand or sawdust. Saturate the packing and water the plants. This method is good for you lucky ones who have from three to six weeks of vacation. Be sure the plants are kept in a well-ventilated spot.

## YOUR HEALTH

By HERMAN N. BUNDESEN, M.D.

A CHILD can develop severe symptoms of shock from a burn, even though it involves less than 10 percent of the body surface.

That is why a severe burn is more rapidly fatal to a child than to an adult, although a less extensive area of the body may be affected.

The first symptom a child may develop after a severe burn is excessive, uncontrollable thirst. There may be a collapse of the blood vessels following this, with a pale, clammy appearance and thready pulse.

The child is not as responsive to questioning as he would be normally, and he does not put out an adequate amount of urine. He is extremely drowsy and restless, and may seem somewhat mentally confused.

Once burn shock occurs, it is steadily progressive and needs immediate treatment. Since children require hospitalization since there is a loss of fluid from the blood in this type of shock. This must be replaced by giving either blood or plasma into a vein.

Blood tests can be performed in which the amount of shock and loss of body fluids can be determined. Many of these children will require oxygen and other supportive measures until the crisis of the burn shock passes.

Of course, the treatment of the severe burns with such measures as skin grafting, are usually left until the child totally recovers from the shock and is once again in normal condition.

It is important that any child having an extensive burn be seen by a physician, for a burn can work far greater havoc on a child than on an adult.

## QUESTIONS AND ANSWERS

C. M.: Can excessive doses of vitamins be harmful?

Answer: Yes. Excessive doses of vitamins A and D may prove toxic to a person, producing severe symptoms and even death. Therefore, vitamins should not be taken in large amounts, except under a doctor's direction.

### Victimized Deliveryman Delivers 'the Goods'

CHICAGO, Sept. 4 (AP)—A week ago, somebody swiped \$300 worth of merchandise from a delivery truck operated by Richard Loomis, 24.

Loomis drove his truck back Thursday to the scene of the crime, parked it with the back door ajar, then watched from a nearby passage. A man approached, looked around cautiously, and stepped into the truck's parcel compartment.

Loomis sprinted to the truck, slammed and padlocked the door, and drove his protesting passenger to a police station. There he freed Edward Harris, 22, who was promptly locked up again—in a cell.

Harris was held without charge for questioning.

## LEGION POST 471 ACCEPTS FOUR

Sept. 20 Announced  
As Date for  
Outing

During the meeting of Charles B. Yergler Post 471, American Legion, Boyertown, held in the Legion home, four men were accepted as new members into the Post.

They are Calvin Bernhart Jr., Lawton, Okla.; Carroll D. Keyser, 502 East Third street, Boyertown; Earl B. Weand, Road-B, 6C, Hilldale, Pottstown, and Paul C. Manwiler, RD 1, Zionsville.

It was announced that the annual outing of the Legion Post will be held on Sunday, Sept. 20, with reservations limited to 200 persons. Roast chicken or lobster tail, with all the trimmings, will be featured and it was suggested that members make reservations no later than Wednesday, Sept. 16.

Post Chaplain Dr. David F. Longacre and Bruce Gilbert were reported on sick call.

THE MEMBERS of the American Legion Junior baseball team were taken to Philadelphia recently to witness a baseball game as guests of the local post for their splendid showing in league competition during the past season.

Post Service Officer Daniel Zuber reported that he completed forms for three families of deceased servicemen. A "wreck" of the "40 and 8, Voiture 12, Berks county," will be held at the local post home on Sunday, Sept. 27.

Vice commander Richard Frey conducted the meeting.

# Lesson Tells How Wealth May Be Force for Good

## Jesus' Parable Relates About Man Who Put Aside Money for Own Gains

### The Golden Text

General view of Athens.

"For the love of money is a root of all kinds of evil; which some reaching after have been led astray from the faith, and have pierced themselves through with many sorrows."—1 Timothy 6:10.

By NEWMAN CAMPBELL

THE SUBJECT of money and its uses is a most timely one in this era of high wages and salaries, work for everyone who is able bodied, if one wishes it, and high prices, high taxes, huge government debts, etc. Is it a time for contentment and happiness?

It would not seem so. Wars take the lives of our fine young men; crime is rampant, grumbling is heard on every side.

Our lesson contains a parable of Jesus' which we have studied before, but which is always interesting and instructive. Jesus told about a man who probably had worked hard all his life. He seems to have been a good man—honest, as far as we know. He is simply called, "A certain rich man," that is all.

His work had been rewarded; his barns were overflowing with plenteous harvests, so much so that his problem was to find a place to store them.

He sat pondering what to do, and he resolved to tear down his old barns, build larger ones and then sit back at ease and enjoy his wealth.

He doesn't seem to have thought at all about those who might be poor and hungry, whose poverty he might relieve and still have plenty for himself. He felt he had labored for this day when he need no longer work. He was not a wicked man—only selfish; he thought only of himself.

However, he was reckoning without the possibility that death might be near—and what, then, would become of his huge barns full of rich harvests? That very night he would die. God said, "Thou fool, this night thy soul will be required of thee: then whose shall those things be, which thou hast provided?"

Jesus said, "So is he that layeth up treasure for himself, and is not rich toward God."

Even if this certain rich man had lived, would taking his ease—eating, drinking and making merry—have brought him contentment? It is to be doubted.

More riches rarely bring happiness. He was braggart and worry, fear of thieves or of rivals taking it away. Ask the children if their allowances have been raised and if so has it made them happier, or does it make them want more and more things?

Now we return to Paul's advice to Timothy and the church members at Ephesus. Paul worried about his people there. His based on copyrighted outlines produced by the Division of Christian Education, National Council of the Churches of Christ in the U.S.A., and used by permission. Distributed by King Features Syndicate.

## The Christian's Use of Possessions ILLUSTRATED SUNDAY SCHOOL LESSON By Alfred J. Buescher

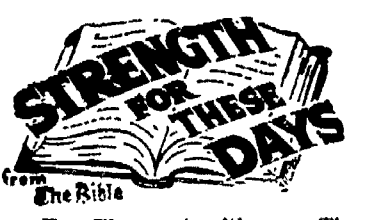

Jesus told a parable about a man whose harvests were so rich that he decided to store his goods and take life easy, but God told him that he would die that night, so his riches would do him no good.

Jesus then told His disciples that they should take no thought for the morrow, for "he that layeth up treasure for himself is not rich toward God. The life is more than meat, and the body is more than raiment."

Paul wrote to Timothy that "having food and raiment let us be therewith content, but they that will be rich fall into temptation and a snare, and into many foolish and harmful lusts, which drawn men in destruction and perdition."

"But thou, O man of God, . . . fight the good fight of faith, lay hold on eternal life, whereunto thou are also called, and hast professed before many witnesses," Paul urged Timothy.

For Thou art with me; Thy rod and Thy staff they comfort me.

Thou preparest a table before me in the presence of mine enemies; Thou anointest my head with oil; my cup runneth over.

Surely goodness and mercy shall follow me all the days of my life, and I will dwell in the house of the Lord forever.—(From the Twenty-third Psalm.)

**All Right...Let Us Judge CATHOLICS BY THE BIBLE!**

Many sincere people regard the Bible as the sole authority for Christian belief.

And they reject the teachings of the age-old Catholic Church because these teachings and forms of Catholic worship are not mentioned by name in Holy Scripture.

"Where," some will ask, "does the Bible say anything about the Mass or purgatory? And how about confession to a priest, paying to Mary, and those seven Sacraments you Catholics talk about? They're not in MY Bible."

Although everything contained in the Bible is true, yet the Bible is not the sole source of all truth. For example, we know that Christ established His Church . . . that the Church existed long before the Bible was completed . . . that millions lived and died in the Savior's truth without ever having seen a Bible.

But we are willing to set aside these historical truths for the moment and judge Catholic beliefs and practices by the Bible.

Take first, for instance, the fact that the Bible does not mention the Mass or purgatory by name. Well, neither does it mention the word Bible by name. Furthermore nowhere within its covers is it stated what are the writings which contain the inspired Word of God. The only authority you have for this is the word of the Catholic Church, which preserved and collected the Scriptural writings and put them between the covers of a book.

The word "Sacrament," meaning a sacred rite, is not used anywhere in the Bible. But Holy Scripture does make clear the sacredness of such Catholic rites as Baptism, Confirmation, the

Eucharist, Matrimony, Penance, the Last Anointing, and Holy Orders, the latter rite being the deputizing of the successors to the Apostles.

The Sacraments were in possession of the Church and in daily use before a single line of the New Testament was written. People were being received into the Church by Baptism long before there was a New Testament. They were receiving Confirmation, were being married according to Christ's teaching, and praying over and anointing the dangerously sick.

Christ definitely did establish His Church. He did deputize His Apostles, and their successors, to continue His teaching. He did promise that His Church would endure forever, and could not fall into error. But He never did say: "All My teachings shall be in a book. Read and believe nothing else."

**National Fund Set By Church Women**  
NEW YORK, Sept. 4—Establishment of a new national fund by which church women throughout the US can support and expand interdenominational women's work was announced in New York by Mrs. James D. Wyker, president of United Church Women, a department of the National Council of Churches. Mrs. Wyker said that the plan agreed upon by presidents of 15 women's national denominational boards calls for individual contributions of five dollars for a Fellowship fund, to enable women to work together "in more ways, in more communities and in more churches."

Many US church women have requested an opportunity for individual giving as a way of sharing more widely the women's interest and responsibility for co-operative Christian work.

# Lesson Tells How Wealth May Be Force for Good

## Jesus' Parable Relates About Man Who Put Aside Money for Own Gains

### The Golden Text

General view of Athens.

"For the love of money is a root of all kinds of evil: which some reaching after have been led astray from the faith, and have pierced themselves through with many sorrows."—1 Timothy 6:10.

By NEWMAN CAMPBELL

THE SUBJECT of money and its uses is a most timely one in this era of high wages and salaries, work for everyone who is able bodied, if one wishes it, and high prices, high taxes, huge government debts, etc. Is it a time for contentment and happiness?

It would not seem so. Wars take the lives of our fine young men; crime is rampant, grumbling is heard on every side.

Our lesson contains a parable of Jesus' which we have studied before, but which is always interesting and instructive. Jesus told about a man who probably had worked hard all his life. He seems to have been a good man—honest, as far as we know. He is simply called, "A certain rich man," that is all.

His work had been rewarded; his barns were overflowing with plenteous harvests, so much so that his problem was to find a place to store them.

He sat pondering what to do, and he resolved to tear down his old barns, build larger ones and then sit back at ease and enjoy his wealth.

He doesn't seem to have thought at all about those who might be poor and hungry, whose poverty he might relieve and still have plenty for himself. He felt he had labored for this day when he had no longer work. He was not a wicked man—only selfish; he thought only of himself.

However, he was reckoning without the possibility that death might be near—and what then would become of his huge barns full of rich harvests? That very night he would die. God said, "Thou fool, this night thy soul will be required of thee: then whose shall those things be, which thou hast provided?"

Jesus said, "So is he that layeth up treasure for himself, and is not rich toward God."

Even if this certain rich man had lived, would taking his ease—eating, drinking and making merry—have brought him contentment? It is to be doubted.

More riches rarely bring happiness. They bring care and worry, fear of thieves or of rivals taking it away. Ask the children if their allowances have been raised and if so has it made them happier, or does it make them want more and more things?

Now we return to Paul's advice to Timothy and the church members at Ephesus. Paul worried about his people there. His based on copyright outlines produced by the Division of Christian Education, National Council of the Churches of Christ in the U.S.A. and used by permission. Distributed by King Features Syndicate.

first advice to them was concerning servants and their masters, and how they should treat each other.

"In a world where 'servant' usually meant 'slave,' the servants are counseled not to despise their masters, but to honor them. Masters and servants should remember that they are brethren in Christ, and treat each other accordingly.

"Perverse disputing of men of corrupt minds and destitute of truth, supposing that gain is godliness, from such withdraw thyself," he writes.

Paul knew that there was much disputing in Ephesus—false doctrines were being preached which might turn men's minds away from Christ and His redemption. Godliness is good—"godliness with contentment is great gain," he writes.

Coming into the world naked and helpless, we also go out of this world in the same condition, "having food and raiment let us be therewith content."

"But they that will be rich fall into temptation and a snare, and into many foolish and hurtful lusts, which drown men in destruction and perdition."

"For the love of money is the root of all evil; which while some coveted after, they have erred from the faith and pierced themselves through with many sorrows."

"But thou, O man of God, flee these things; and follow after righteousness, godliness, faith, love, patience, gentleness."

"Fight the good fight of faith, lay hold on eternal life, whereunto thou art called, and hast professed a good profession before many witnesses."

"Charge them that are rich in this world, that they be not high-minded, nor trust in uncertain riches, but in the living God, who giveth us richly all things to enjoy; that they do good, that they be rich in good works, ready to distribute, willing to communicate; laying up in store for themselves a good foundation against the time to come, that they may lay hold on eternal life."

Is this a difficult lesson for children to learn? I think not. The teacher has excellent material here to teach the children to think of others and to share with them and so learn to be unselfish.

Not the possession of money or treasures is harmful, but too great love of money and the hoarding of it is sinful and brings nothing but misery.

Mrs. Wyker noted. The fund also was made necessary, she explained, by the need for greater support of co-operative programs that have grown as the number of interdenominational women's groups has increased and as women of the churches have seen the united work as part of their Christian responsibility.

The Fellowship fund for 1954, with a goal of \$100,000, will provide necessary support for continuation of work in Christian world missions, Christian social relations, Christian world relations, leadership training and public relations. These programs are carried on co-operatively by State and local councils of church women working with the national office of United Church Women.

The Palio, a three-lap horse race around the square of Siena, Italy, has been run almost every year since the 14th century.

## The Christian's Use of Possessions

## ILLUSTRATED SUNDAY SCHOOL LESSON

By Alfred J. Buescher

Jesus told a parable about a man whose harvest was so rich that he decided to store his goods and take life easy, but God told him that he would die that night, so his riches would do him no good.

Jesus then told His disciples that they should take no thought for the morrow, for he that layeth up treasure for himself is not rich toward God. The life is more than meat, and the body is more than raiment."

Paul wrote to Timothy that "having food and raiment let us be therewith content, but they that will be rich fall into temptation and a snare, and into many foolish and harmful lusts, which drown men in destruction and perdition."

"But thou, O man of God, . . . fight the good fight of faith, lay hold on eternal life, whereunto thou art also called, and hast professed before many witnesses," Paul urged Timothy.

For Thou art with me; Thy rod and Thy staff they comfort me.  
Thou preparest a table before me in the presence of mine enemies; Thou anointest my head with oil; my cup runneth over.  
Surely goodness and mercy shall follow me all the days of my life, and I will dwell in the house of the Lord forever.—(From the Twentythird Psalm.)

# Seven Pastors to Report Back From Their Vacations

## Labor Day Sermons Are Scheduled As Ministers Ready Return to Pulpit

Seven local pastors will be back in their pulpits here tomorrow morning.

All have been on vacation during the past month—some for the entire month; others for just two weeks.

Most of them will mark the return to their labors with Labor Day sermons.

The Rev. Dr. Luther A. Krouse, pastor of Emmanuel Lutheran, who spent part of his month's leave in the Pocono mountains, will come back to a busy schedule tomorrow.

Besides delivering his sermon on the topic "A Pointed Admonition" at the 10.45 a. m. service, he also will administer Communion during the service and officiate at baptismal ceremonies for children afterward.

The Communion service this Sunday is for those who will be unable to attend the World-wide Communion Service on Oct. 4.

## Leaders to Discuss Role of Rural Church In US Convocation

NEW YORK, Sept. 4—Nearly one thousand US religious and agricultural leaders will meet next month to consider how America's country churches can best serve rural families. At the tenth annual National Convocation on the Church in Town and Country delegates will take up such specific problems as country-city relations, migrant labor and other low-income farm families, and enriching rural community life.

In announcing the convention Don F. Pielstick, director of the National Council of Churches' department of the town and country church, declared that US rural churches are showing new strength and reversing the downward trends of the past several decades.

"With intensive new programs, new and broader approaches to how the churches can best serve rural families, the country churches are making a definite comeback," Dr. Pielstick observed. "Another factor is a new kind of rural pastor—vigorous young men fully aware of today's farm life problems and dedicated to saving and solving them on an individual and community-wide basis."

Principal speakers at the convocation will include Rainer Schickel of North Dakota Agricultural college, who will discuss ethical issues in farm policy; Baker Brownell of Northwestern university, speaking on factors of vitality in rural life; A. D. Mattson of Augustana Theological seminary, on rural aspects of the Christian mission; William W. Biddle, director of community dynamics at Earlham college, on redemptive leadership in small communities; and Rockwell C. Smith of Garrett Biblical institute, on the rural church and the changing scene.

The convention is sponsored by the National Council of Churches' division of home missions through its department of the town and country church.

## Refugee Relief Act Hailed by Expert

NEW YORK, Sept. 4—The United States 1953 Refugee Relief Act was hailed by a church welfare expert the past week as bringing "new hope and encouragement for many thousands of homeless people who have been facing a dead end in their search for new homes and a new living." Dr. Edgar S. Chandler, director of field operations for the World Council of Churches' department of interchurch aid and service to refugees, declared in New York that "the new bill is a shot in the arm for the total world resettlement problem."

Dr. Chandler explained from New York for his headquarters in Geneva, Switzerland, after a week of consultations with Secretary of State John Foster Dulles, other US State department officials, and American church representatives in New York and Washington, D. C., on the role of the US Government expects voluntary agencies to play in the new immigration program.

## Senior Seminary Student Slated as Guest Speaker

Frederick G. Erb Jr., of St. Peters, will be guest speaker at Brownback's Reformed church, near Spring City, at tomorrow morning's worship service.

Erb is a Senior at Mt. Airy theological seminary and a member of Transfiguration Lutheran.

He will speak at Brownback's in the absence of the Rev. Elmer E. Fahringer, pastor who is on vacation.

The worship service will begin at 9 a. m. this week, followed by Sunday school at 10 o'clock.

OTHER PASTORS who will be back tomorrow are the Rev. Martin J. Brinton, pastor of First Methodist; the Rev. Laurence T. Beers, pastor of First Baptist; the Rev. Heywood L. Butler, pastor of Second Baptist; the Rev. Edward S. Horn, pastor of St. James Lutheran; the Rev. Edgar S. Brown Jr., pastor of Grace Lutheran; the Rev. John L. Smoker, pastor of Baltimore and Salem Evangelical United Brethren; and the Rev. Eugene B. Umberger, pastor of Transfiguration Lutheran.

Other Labor Day messages by the returning pastors will include "Christian Labor," by the Rev. Horn; "A False Sense of Security," by the Rev. Smoker; and "Christianity Means Labor," by the Rev. Beers.

The Rev. Beers also will speak to graduates of the Pottstown hospital school of nursing tomorrow night, when it holds its baccalaureate service at First Baptist. His sermon at the 7 o'clock service will be on the topic "No Better Time for Wings!"

## 9 Foreign Students Briefed on Customs

NEW YORK, Sept. 4—Nine young scholarship students from overseas, the first to arrive in the US from a total of 40 foreign students due here this fall under a church sponsored scholarship program, attended a briefing session on American customs the past week in the offices of the National Council of Churches, and were cautioned not to be surprised at the actions of Americans during the baseball season when "you may think all Americans have gone crazy."

Dr. Robbins W. Barstow told the group also to expect to find "a great deal of political confusion" throughout the US, but to "be moderate in expressing your judgments until you know all the facts." Dr. Barstow heads the National council's department of ecumenical relations, which co-sponsors the scholarship program with the World Council of Churches.

One of the students, Abdul-Massih Istafanous, a 24-year-old church pastor from Egypt, noted after the conference that through study in the US he hoped to gain a wider background in industrial psychology and the social problems of village life.

Istafanous is pastor of Evangelical Church in Hur—a community of 7000 persons in upper Egypt. His church with about 400 members, was described by the young pastor as being "about the fifth largest church in Egypt." Istafanous was on his way to San Francisco Theological Seminary in San Anselmo, California, where he will study for one year.

The other students were from Germany, and are enrolled in US theological schools for the next year. The total scholarship program for the 1953-54 academic year will bring students from 13 countries to America for theological study, making a total of 322 young men and women who have benefited from the program since it began eight years ago.

## Student Nurses Don White Uniforms

Seven members of Pottstown hospital school of nursing's class of 1953 wore their white uniforms yesterday for the first time.

The class will attend baccalaureate services tomorrow night at 7:30 o'clock in First Baptist church. The speaker will be the Rev. Laurence T. Beers, pastor.

On Sunday, Sept. 13, the class will hold its commencement in Pottstown Junior High school.

During the three-year course the student nurses wear uniforms of medium blue with a white apron.

## Bible Words to Live by

JOHN 10:10 - "The thief comes only to steal and kill and destroy; I came that they may have life, and have it abundantly." (R.S.V.)

These words of Jesus, as told by John, seem to me to be a summary of the goal of religion at its highest. Around us we see all kinds of things that claim to be ideal. But some of them, to gain an end, do steal and kill and destroy. The only thing that can truly be called ideal is that which adds to life, not necessarily materially, but to life's abundance—to life's total fullness.

Jesus here, also makes a contrast between the religion he had known as a child and the religion he would give to the world—a not dissimilar contrast to one that many people have had to make in our day. For the Judaism of Jesus day was taking from life rather than giving to it. Jesus knew that God would make men's lives abundant, not restricted. We too in this verse, know Christianity not as a restriction, but as an extension of the joys of living.

## Scottish-Born Pastor Rev. Dr. Smith To Speak at First Presbyterian Church

The Scottish-born pastor of Rugby Presbyterian church, England, will speak here at First

interchange of preachers committee of the British council of churches.

Though born in Ayr, Scotland, Dr. Smith was reared and educated in Canada, and his ministry has been mostly in England.

Rugby church, which he now serves, is intimately connected with the English boys' school, made famous by author and poet Matthew Arnold.

FOR SEVEN years before taking the Rugby church, Dr. Smith was pastor of St. John's Wood Presbyterian church, London.

During the World War II London blitz, he served as a factory chaplain in the industrial area there.

Dr. Smith was ordained at Manitoba conference, United Church of Canada, at Winnipeg in 1918.

While studying at Winnipeg's Wesley college, he worked in a gold mine for a time, and served at other times in student-missions.

While he had lived in Canada from the age of three, Dr. Smith returned to his birthplace for a "Scottish high school education" at Ayr academy.

## Speed Check Discloses Widespread Violations

ALLENTOWN, Sept. 4 (AP)—A speed check of 785 passenger cars and trucks in the heavily populated Allentown-Bethlehem-Easton area showed today that 58 percent of the drivers violated the speed limits in restricted speed zones.

O. H. Shipley, safety director of the Pennsylvania Motor Truck association which conducted the radar speed survey, said of the results: "The test proves once again that speed is our greatest highway killer."

Feathers are from six to nine percent of the live weight of a chicken.

# Seven Pastors to Report Back From Their Vacations

## Labor Day Sermons Are Scheduled As Ministers Ready Return to Pulpit

Seven local pastors will be back in their pulpits here tomorrow morning. All have been on vacation during the past month—some for the entire month; others for just two weeks.

Most of them will mark the return to their labors with Labor Day sermons.

The Rev. Dr. Luther A. Krouse, pastor of Emmanuel Lutheran, who spent part of his month's leave in the Pocono mountains, will come back to a busy schedule tomorrow.

Besides delivering his sermon on the topic "A Pointed Admonition" at the 10:45 a. m. service,

he also will administer Communion during the service and officiate at baptismal ceremonies for children afterward.

The Communion service this Sunday is for those who will be unable to attend the World-wide Communion Service on Oct. 4.

OTHER PASTORS who will be back tomorrow are the Rev. Martin J. Brinton, pastor of First Methodist; the Rev. Laurence T. Beers, pastor of First Baptist; the Rev. Heywood L. Butler, pastor of Second Baptist; the Rev. Edward S. Horn, pastor of St. James Lutheran; the Rev. Edgar S. Brown Jr., pastor of Grace Lutheran; the Rev. John L. Smoker, pastor of Baltimore and Salem Evangelical United Brethren; and the Rev. Eugene B. Umberger, pastor of Transfiguration Lutheran.

Other Labor Day messages by the returning pastors will include "Christian Labor," by the Rev. Horn; "A False Sense of Security," by the Rev. Smoker; and "Christianity Means Labor," by the Rev. Beers.

The Rev. Beers also will speak to graduates of the Pottstown hospital school of nursing tomorrow night, when it holds its baccalaureate service at First Baptist. His sermon at the 7 o'clock service will be on the topic "No Better Time for Wings!"

## Leaders to Discuss Role of Rural Church In US Convocation

NEW YORK, Sept. 4—Nearly one thousand US religious and agricultural leaders will meet next month to consider how America's country churches can best serve rural families. At the tenth annual National Convocation on the Church in Town and Country delegates will take up such specific problems as country-city relations, migrant labor and other low-income farm families, and enriching rural community life.

In announcing the convention Don F. Pielstick, director of the National Council of Churches' department of the town and country church, declared that US rural churches are showing new strength and reversing the downward trends of the past several decades.

"With intensive new programs, new and broader approaches to how the churches can best serve rural families, the country churches are making a definite comeback," Dr. Pielstick observed. "Another factor is a new kind of rural pastor—vigorous young men fully aware of today's farm life problems and dedicated to easing and solving them on an individual and community-wide basis."

Principal speakers at the convocation will include Rainer Schiele of North Dakota Agricultural college, who will discuss ethical issues in farm policy; Baker Brownell of Northwestern university, speaking on factors of vitality in rural life; A. D. Mattison of Augustana Theological seminary, on rural aspects of the Christian mission; William W. Biddle, director of community dynamics at Earlham college, on redemptive leadership in small communities; and Rockwell C. Smith of Garrett Biblical institute, on the rural church and the changing scene.

## Refugee Relief Act Hailed by Expert

NEW YORK, Sept. 4—The United States 1953 Refugee Relief Act was hailed by a church welfare expert the past week as bringing "new hope and encouragement for many thousands of homeless people who have been facing a dead end in their search for new homes and a new living." Dr. Edgar S. Chandler, director of field operations for the World Council of Churches' department of interchurch aid and service to refugees, declared in New York that "the new bill is a shot in the arm for the total world resettlement problem."

Dr. Chandler explained from New York for his headquarters in Geneva, Switzerland, after a week of consultations with Secretary of State John Foster Dulles, other US State department officials, and American church representatives in New York and Washington, D. C., on the role of the US Government expects voluntary agencies to play in the new immigration program.

## Senior Seminary Student Slated as Guest Speaker

Frederick G. Erb Jr., of St. Peters, will be guest speaker at Brownback's Reformed church, near Spring City, at tomorrow morning's worship service.

Erb is a Senior at Mt. Airy theological seminary and a member of Transfiguration Lutheran.

He will speak at Brownback's in the absence of the Rev. Elmer E. Fahringer, pastor who is on vacation.

The worship service will begin at 9 a. m. this week, followed by Sunday school at 10 o'clock.

## Bible Words to Live by

JOHN 10:10 - "The thief comes only to steal and kill and destroy; I came that they may have life, and have it abundantly." (R.S.V.)

These words of Jesus, as told by John, seem to me to be a summary of the goal of religion at its highest. Around us we see all kinds of things that claim to be ideal. But some of them, to gain an end, do steal and kill and destroy. The only thing that can truly be called ideal is that which adds to life, not necessarily materially, but to life's abundance - to life's total fullness.

Jesus here, also makes a contrast between the religion he had known as a child and the religion he would give to the world - a not dissimilar contrast to one that many people have had to make in our day. For the Judaism of Jesus day was taking from life rather than giving to it. Jesus knew that God would make men's lives abundant, not restricted. We too in this verse, know Christianity not as a restriction, but as an extension of the joys of living.

## Scottish-Born Pastor Rev. Dr. Smith To Speak at First Presbyterian Church

The Scottish-born pastor of Rugby Presbyterian church, England, will speak here at First

interchange of preachers committee of the British council of churches.

Though born in Ayr, Scotland, Dr. Smith was reared and educated in Canada, and his ministry has been mostly in England.

Rugby church, which he now serves, is intimately connected with the English boys' school made famous by author and poet Matthew Arnold.

FOR SEVEN years before taking the Rugby church, Dr. Smith was pastor of St. John's Wood Presbyterian church, London.

During the World War II London blitz, he served as a factory chaplain in the industrial area there.

Dr. Smith was ordained at Manitoba conference, United Church of Canada, at Winnipeg in 1938.

While studying at Winnipeg's Wesley college, he worked in a gold mine for a time, and served at other times in student missions.

While he had lived in Canada from the age of three, Dr. Smith returned to his birthplace for a "Scottish high school education" at Ayr academy.

Church Membership Hits All-Time High

NEW YORK, Aug. 28—Church membership in the US reached a new all-time high the past year, setting a record figure of 92,277,129. The new figures for 1952, revealed today by the National Council of Churches, indicate that 59 percent of the American population belong to religious bodies. In 1940, only one out of two Americans had religious affiliation.

The statistics for 1952 represent a gain of 3,604,124 church members over the previous year, and an unprecedented growth rate of 4.1 percent—outstripping the population increase by two and a half times. In 1952 the number of local US churches also reached a new peak of 285,277 as compared to 284,592, and the number of clergymen having charges rose from 181,123 to 183,899.

"Statistically there is one church for about every 325 members," stated Dr. Benson Y. Landis, associate director of the council's department of research and survey. "But the ratio between clergymen and members is only one to every 500. This points up a continuing shortage of pastors and a lag in efforts to fill thousands of vacant pulpits."

# Three Answers to the Problem of How to Beat the Heat!

—Mercury Staff Photo

ACCORDING TO ONE theory if you're feet are cool the rest of your body is too. Perhaps that's what Mrs. Alice Hignett, 199 Sunrise lane has in mind as she dangles her toes in the waters of a local pool.

—Mercury Staff Photo

ANOTHER THEORY for remaining cool, calm and collected in the highest of temperatures is simply to sit quietly and relax. Helen Sessoms, 17 Farmington Court seems to be doing this to perfection!

—Mercury Staff Photo

AS FAR as we're concerned this is the best idea of all. What could be more conducive to cooling off than complete submergence in plenty of clear water. Louise Levengood, Pottstown RD 4, Judy Glenney, 220 N. Evans street and Barbara Ruyak, 1033 Pine street grin in approval.

## West Chester Graduates' Engagement Announced by Lloyd Moyers, Kimberton

Mr. and Mrs. Lloyd K. Moyers, of Kimberton, have announced the engagement of their daughter, Mary Jane Moyers, to Donald E. Suter, son of Mr. and Mrs. Eugene F. Suter, Allentown.

Miss Moyers is a graduate of the Phoenixville High school. She received her Bachelor of Science degree in Music Education at West Chester State Teachers College and has attended Temple University Graduate School.

She will be the music supervisor in the Schuylkill Township Consolidated School this coming school term. Last year she held a similar position at the North Coventry School.

Her fiancé, who is from Allentown and Wantagh, Long Island, was graduated from the Allentown High School, West Chester State Teachers College, and received graduate credits at Adelphi College, Long Island.

Mr. Suter is the instrumental director of music at the Wantagh Schools, Long Island. At present he is stationed at the Fort Benning hospital, Georgia as a clinical psychologist technician in the US Army.

The newly-engaged couple were entertained at dinner recently at Lakeside. Later a picnic supper was held in their honor at the home of Mr. and Mrs. Lloyd K. Moyers in Kimberton.

Guests present were: Mr. and Mrs. Ferdinand Hoefner Jr. and daughter, Mr. and Mrs. Eugene F. Suter, the Rev. and Mrs. Eugene Moyers and son, the Rev. and Mrs. Milton Cockley, Mr. and Mrs. Moyers and the guests of honor.

## Bible Class Members and Friends Get Together for Social at George Stein's

Fifteen members and guests of the Berean Bible Class of Searles Methodist church had their annual outdoor covered dish social Tuesday night.

The affair was held at the home of Mr. and Mrs. George Stein, 1205 North Charlotte street.

"Three Ways for Peace" and "The Romance of Things" formed the theme of the devotions led by Mrs. Clara Shenton.

Mrs. Daniel Drumheller gave the reports of the secretary, Mrs. George Keiffer, and missionary chairlady, Mrs. William Kummerer Sr., who were absent because of illness.

Finance committee reports were presented by Mrs. George Stein and Mrs. Horace Swavely.

Mrs. Clarence Quinter, president, was in charge of the business meeting. She also gave the group information concerning a flower show and supper to be held at the First Methodist church, September 17.

The class voted to give \$25 towards the organ fund of the church.

Refreshments were served by Mrs. Stein. At the close of the meeting a vote of thanks was given to the Steins for their gracious hospitality.

Present at the supper were: Mrs. Daniel Drumheller, Mrs. Oscar Dampman, Mrs. Ethel Fillman, Mrs. Anna Mellinger, Mrs. Horace Swavely, Sandra Lee Dampman, Mr. and Mrs. George Stein, Mr. and Mrs. Edgar Ebert, Mrs. Kathryn Sands, Mrs. Esther Quinter, Mrs. Clara Shenton, Mrs. Fred Schlegel and Mrs. Sarah Trythall.

## +++ WOMEN'S ACTIVITIES +++

### Christian Service Members Present Play Symbolizing 'A Sower Went Forth,' This Month's Theme of Their Organization

A dramatization of "A sower went forth," this month's theme of the Woman's Society of Christian Service, Cedarville Methodist Church, was the feature of Tuesday's meeting.

Participating in the play were Mrs. Russell Nitterauer, Mrs. Charles Stout, Mrs. Guy Wagner and Mrs. William Keeler. The characters showed the reaction that may have taken place in one of the Galilean villages to which Christ sent his disciples.

Scripture readings were given alternately by Mrs. Leslie Strunk Sr. and Mrs. Leslie Strunk Jr.

Mrs. Harry Hipple presented the first portion of the society's present study work, "That the World May Know."

Following the program the business meeting was conducted by Mrs. Alan Hohl, president.

### Marriage Licenses

A marriage license was issued in Montgomery County courthouse, Norristown, to: Donald J. Bowman, Broad and Church streets, Spring City, and Arlene M. Hatfield, Linfield.

### Ridge Road Resident Returns From Hospital

Mrs. Edward Emmel, of Ridge road, who underwent an operation recently at the Phoenixville hospital, returned to her home on Monday.

### Raymond Wharton to Head Chester Valley Grange; Other Officers Also Chosen

Raymond Wharton was re-elected Master of Chester Valley Grange at the regular election of the organization held Tuesday night in the grange hall at Devault.

Other officers chosen to lead the grange during the coming year are Harry Flinn, overseer; Miss Amy Welsh, lecturer; Charles Merroth, steward; Richard Fennimore, assistant steward; Earl Young, gatekeeper; Miss Margaret Welsh, lady assistant steward.

Mrs. Harry Flinn, chaplain; Joseph Moore, treasurer; Mrs. Joseph Flinn, chaplain; Mrs. Lewis Pyle, financial secretary; Mrs. Raymond Wharton, cere; Mrs. Harvey Young, pomona; Mrs. Watson Swonenberg, flora.

Members of the executive committee elected were Lewis W. Pyle and Harvey Young. The resignation of W. Hibberd Jones as a member of the committee left two vacancies. Mrs. Herbert Stauffer was elected to the finance committee.

A silent auction of food raised a nice sum of money for the Home Economics Committee and provided entertainment for the audience.

At the next meeting of the organization, September 15th, Boosters Night will be observed with visitors from four other granges of the district as guests.

Granges to be represented are Kennett, London Grove, Honey Brook and Keystone.

### Scouts Given Instruction Preparatory To Their Fall Camping Trip at Hopewell

Enthusiastic plans for their coming camping trip are being made by the Girl Scouts of troop 10, Trinity E. and R. church.

At their meeting Thursday night they were instructed in camping rules, told who would sleep together, what their individual tasks would be, and who would do the cooking.

Hopewell will be their camp site. They plan to be there from September 11 to 13. All camping equipment should be at the church by September 10.

Campers include: Donna Quinter, Gail Garner, Marion Wetly, Brenda Fiddler, Jacqueline Elliot, Eleanor Saraceni, Shirley Smith, Carol Lasky, Sandra Ingram.

Mary Jane Davidheiser, Gail Kerlin, Judy Redman, Linda Mayer, Carole Steelie, Carol Cook, Judy Meloy, Janet Moulder, Patty Kerr, Beverly Herd and Annette Edleman.

Mrs. George Rahn is the new assistant scout leader.

### Births

Mr. and Mrs. Fred Selby, 91 Sunrise lane, became the parents of a boy yesterday. He was born in the Pottstown hospital.

A daughter was born to Mr. and Mrs. George Moyer, Pottstown RD 3, yesterday in the Pottstown hospital.

Mr. and Mrs. Peter Mattie became the parents of a boy yesterday in the Pottstown hospital. The Matties are residents of 310 New street, Spring City.

Mr. and Mrs. Wilmer Delp, Collegeville RD 1, became the parents of a girl yesterday. She was born in the Memorial hospital.

### Four Methodist Church Men to Attend Retreat

Four men from Bethel Methodist church, George Mohler, Elton Mowrer, Howard Taschner and the Rev. Thomas E. Anderson plan to attend a minister's and laymen's retreat at Pocono Plateau on September 11 and 12.

### Party Marks Natal Day Anniversary Of Three Sisters

Mrs. Myrtle E. Keane, "Twin Cedars," Hare's Hill road, her sister, Mrs. Belle McConaghy, Phoenixville, and Mrs. Annie Murray, who resides at the Keane home, celebrated their birthday anniversaries on Saturday.

A party was held in honor of the triple celebration at the residence of Mrs. Keane. All three received candy, flowers and gifts. The evening was pleasantly spent and refreshments were served.

Those present were: Mr. and Mrs. Jack Blackley, Lansdowne; Mrs. Myrtle Guyger, Elverson; Miss Ada Wilson, Nantmeal Village; Mr. and Mrs. Fred Keane.

Mr. and Mrs. Walter Keane, daughter, Marlene, Mrs. Meta White, Mrs. Annie Quigg, Miss Margaret Arthur and Mrs. Martha Dunn, all of Hare's Hill road.

### New President for Hospital Auxiliary; Committee Appointments Also Are Made

Mrs. Karl Schumacher, newly elected president of the Pottstown Hospital Senior auxiliary, began her two year term of office when she presided over Friday's executive board meeting.

The luncheon meeting was held at the Brookside Country club. Following the presentation of committee reports the group discussed the organization's goals for the coming year.

Members were urged to attend the baccalaureate service for the graduating class of the Pottstown Hospital Nursing school. It will be held tomorrow night at 7:30 p. m. in the First Baptist church.

Auxiliary members also are invited to the graduation ceremony scheduled for Sept. 13 at 8 p. m. in the high school. There are seven nurses in this year's class.

Mrs. Schumacher has appointed the following committees for a period of two years:

# Three Answers to the Problem of How to Beat the Heat!

—Mercury Staff Photo

ACCORDING TO ONE theory if you're feet are cool the rest of your body is too. Perhaps that's what Mrs. Alice Hignett, 199 Sunrise lane has in mind as she dangles her toes in the waters of a local pool.

—Mercury Staff Photo

ANOTHER THEORY for remaining cool, calm and collected in the highest of temperatures is simply to sit quietly and relax. Helen Sessoms, 17 Farmington Court seems to be doing this to perfection!

—Mercury Staff Photo

AS FAR as we're concerned this is the best idea of all. What could be more conducive to cooling off than complete submergence in plenty of clear water. Louise Levensgood, Pottstown RD 4, Judy Glenney, 220 N. Evans street and Barbara Ruyak, 1033 Pine street grin in approval.

## West Chester Graduates' Engagement Announced by Lloyd Moyers, Kimberton

Mr. and Mrs. Lloyd K. Moyer, of Kimberton, have announced the engagement of their daughter, Mary Jane Moyer, to Donald E. Suter, son of Mr. and Mrs. Eugene F. Suter, Allentown.

Miss Moyer is a graduate of the Phoenixville High school. She received her Bachelor of Science degree in Music Education at West Chester State Teachers College and has attended Temple University Graduate School.

She will be the music supervisor in the Schuylkill Township Consolidated School this coming school term. Last year she held a similar position at the North Coventry School.

Her fiancé, who is from Allentown and Wantagh, Long Island, was graduated from the Allentown High School, West Chester State Teachers College, and received graduate credits at Adelphi College, Long Island.

Mr. Suter is the instrumental director of music at the Wantagh Schools, Long Island. At present he is stationed at the Fort Benning hospital, Georgia as a clinical psychologist technician in the US Army.

The newly-engaged couple were entertained at dinner recently at Lakeside. Later a picnic supper was held in their honor at the home of Mr. and Mrs. Lloyd K. Moyer in Kimberton.

Guests present were: Mr. and Mrs. Ferdinand Hoefner Jr. and daughter, Mr. and Mrs. Eugene F. Suter, the Rev. and Mrs. Eugene Suter and son, the Rev. and Mrs. Milton Cockley, Mr. and Mrs. Moyer and the guests of honor.

## Bible Class Members and Friends Get Together for Social at George Stein's

Fifteen members and guests of the Berean Bible Class of Searles Methodist Church had their annual outdoor covered dish social Tuesday night.

The affair was held at the home of Mr. and Mrs. George Stein, 1205 North Charlotte street.

"Three Ways for Peace" and "The Romance of Things" formed the theme of the devotions led by Mrs. Clara Shenton.

Mrs. Daniel Drumheller gave the reports of the secretary, Mrs. George Keiffer, and missionary chairlady, Mrs. William Kummerer Jr., who were absent because of illness.

Finance committee reports were presented by Mrs. George Stein and Mrs. Horace Swavely.

Mrs. Clarence Quinter, president,

was in charge of the business meeting. She also gave the group information concerning a flower show and supper to be held at the First Methodist church, September 17.

The class voted to give \$25 towards the organ fund of the church.

Refreshments were served by Mrs. Stein. At the close of the meeting a vote of thanks was given to the Steins for their gracious hospitality.

Present at the supper were: Mrs. Daniel Drumheller, Mrs. Oscar Dampman, Mrs. Ethel Fillman, Mrs. Anna Mellinger, Mrs. Horace Swavely, Sandra Lee Dampman, Mr. and Mrs. George Stein, Mr. and Mrs. Edgar Ebert, Mrs. Kathryn Sands, Mrs. Esther Quinter, Mrs. Clara Shenton, Mrs. Fred Schlegel and Mrs. Sarah Trythall.

## WOMEN'S ACTIVITIES

### Christian Service Members Present Play Symbolizing 'A Sower Went Forth,' This Month's Theme of Their Organization

A dramatization of "A sower went forth," this month's theme of the Women's Society of Christian Service, Cedarville Methodist Church, was the feature of Tuesday's meeting.

Participating in the play were Mrs. Russell Nitterauer, Mrs. Charles Stout, Mrs. Guy Wagner and Mrs. William Keeler. The characters showed the reaction that may have taken place in one of the Galilean villages to which Christ sent his disciples.

Scripture readings were given alternately by Mrs. Leslie Strunk Sr. and Mrs. Leslie Strunk Jr.

Mrs. Harry Hipple presented the first portion of the society's present study work, "The World May Know."

Following the program the business meeting was conducted by Mrs. Alan Hohl, president.

The group hopes to obtain a film to be shown at the October meeting. The title of it is "Winning the Americas for Christ."

Hostess for the evening was Mrs. William Keeler.

Flowers which decorated the room were donated by Mrs. Walter Bilger.

Present at the meeting were: Mrs. Alan Hohl, Mrs. William

Keeler, Mrs. Leslie Strunk Sr., Mrs. Donald Erb, Mrs. Harry Hipple.

Mrs. Thomas Rossiter, Mrs. Daniel Jones, Mrs. Neal Burnier, Mrs. Leslie Strunk Jr., Mrs. Charles Hipple, Mrs. Guy Wagner and daughter, Carol, Mrs. Howard Stubblebine, Mrs. Russell Nitterauer, Mrs. Charles Stout and Mrs. Walter Bilger.

### Marriage Licenses

A marriage license was issued in Montgomery County courthouse, Norristown, to:

Donald J. Bowman, Broad and Church streets, Spring City, and Arlene M. Hatfield, Linfield.

### Ridge Road Resident Returns From Hospital

Mrs. Edward Emmel, of Ridge road, who underwent an operation recently at the Phoenixville hospital, returned to her home on Monday.

## New President for Hospital Auxiliary; Committee Appointments Also Are Made

Mrs. Karl Schumacher, newly elected president of the Pottstown Hospital Senior auxiliary, began her two year term of office when she presided over Friday's executive board meeting.

The luncheon meeting was held at the Brookside Country club. Following the presentation of committee reports the group discussed the organization's goals for the coming year.

Members were urged to attend the baccalaureate service for the graduating class of the Pottstown Hospital Nursing school. It will be held tomorrow night at 7:30 p. m. in the First Baptist church.

Auxiliary members also are invited to the graduation ceremony scheduled for Sept. 13 at 8 p. m. in the high school. There are seven nurses in this year's class.

Mrs. Schumacher has appointed the following committees for a period of two years.

## Reading Catholic Church Is Scene of Ceremony Uniting Dolores Andrejansky and George Ondo

Wedding vows were exchanged by Dolores Andrejansky and George Ondo, at a double ring wedding ceremony held recently in Reading.

The bride is the daughter of Mrs. Susan Andrejansky, 223 South Fifteenth street, Reading.

The groom's residence is at 363 Cherry street. He is the son of Mrs. Mary Ondo.

Amid a setting of palms, white candles and arrangements of white gladioli, the ceremony was performed by the Rev. Michael Lesko in St. Cyril and Methodius Roman Catholic church, Reading.

The bride approached the altar on the arm of her brother-in-law, Lewis T. Hoffman. She was gown in luminous rose point, Chantilly lace over lustrous gossamer satin.

The snugly fitted bodice was held in place with buttons descending down the back. Long tapering sleeves ended in points over her wrists.

A voluminous redingote enhanced with an insertion of permanent pleating glowed over a series of petticoats.

To complete her costume a fingertip veil fell from a rhinestone queen's coronet edged in matelung lace encrusted with iridescent.

She carried a cascade of white roses, carnations and baby's breath centered with a white orchid.

The bride was attended by her sister, Mrs. Chester F. Sychter, as matron of honor. She wore a melon colored gown of lace and tulle with a spencer jacket.

The entire skirt was fashioned with high flounces. She wore a two piece navy dress with white accessories. Both wore orchid corsages.

According to the smiling faces Thursday night's clambake at the George Graham residence, 531 North Franklin street, proved to be quite a success. Participating in the outdoor festivities were Mr. and Mrs. George Sheridan, Mr. and Mrs. Leonard Moser, Mrs. Sadie Brunish, Mrs. Ruth Levingood, Mr. and Mrs. Samuel Lindauer, Miss Mintie Eberlin and Mr. and Mrs. George Graham.

Following the ceremony breakfast was served to the immediate families and out of town guests at the Polish American Citizens' hall, Reading.

Approximately 300 people attended the 5 o'clock dinner and reception.

For traveling the bride chose a navy blue suit with matching navy and white accessories.

A white orchid completed her ensemble.

The bride is a graduate of Central Catholic High school.

The groom served in the US Army during World War II. Upon returning from their Atlantic City honeymoon, the newlyweds will be at home at 423 South Fifteenth street, Reading.

Pre-nuptial showers were given by Mrs. Chester F. Sychter and Carole Hoffman at "Rockland Acres," and by Anne Ondo and Helen Ondo at the Andre residence in Colebrookdale.

The bride's mother entertained informally after the wedding rehearsal.

Each attendant wore matching colored pearls and earrings, a gift of the bride.

Jack Andre, brother of the bride, served as best man. Ushers were Joseph Ondo, brother of the groom, Eugene Zelesnik and Joseph Sitarz.

Wedding selections were sung by the school choir.

The bride's mother was attired in a blue dress with white accessories. Mother of the groom chose a two piece navy dress with white accessories. Both wore orchid corsages.

## Rose Society Members Invited to Enter Shows at Local Church and Cape May

## Reading Catholic Church Is Scene of Ceremony Uniting Dolores Andrejansky and George Ondo

Wedding vows were exchanged by Dolores Andrejansky and George Ondo, at a double ring ceremony held recently in Reading.

The bride is the daughter of Mrs. Susan Andrejansky, 423 South Fifteenth street, Reading.

The groom's residence is at 363 Cherry street. He is the son of Mrs. Mary Ondo.

Amid a setting of palms, white candles and arrangements of white gladiolas, the ceremony was performed by the Rev. Michael Lesko in Sts. Cyril and Methodius Roman Catholic church, Reading.

The bride approached the altar on the arm of her brother-in-law, Lewis T. Hoffman. She was wearing a luminous rose point Chantilly lace over lustrous gossamer satin.

The snugly fitted bodice was held in place with buttons descending down the back. Long tapering sleeves ended in points over her wrists.

A voluminous redingote enhanced with an insertion of permanent pleating glowed over a series of petticoats.

To complete her costume a fingertip veil fell from a rhinestone queen's coronet edged in matelée lace encrusted with iridescent.

She carried a cascade of white roses, carnations and baby's breath centered with a white orchid.

The bride was attended by her sister, Mrs. Chester F. Sychterz, as matron of honor. She wore a melon colored gown of lace and tulle with a spencer jacket.

The entire skirt was fashioned with high flounces. She wore a two piece navy dress with white accessories. Both wore orchid corsages.

**Water Supply Meeting Full Demands; Increased Pumping Operations Forced**

Twin Boroughs are not faced with a water shortage and there has been no request as yet to conserve water, but the prolonged dry spell and resultant heavier demand has given Home Water company some problems.

A spokesman said less lawn sprinkling would raise the level in the reservoirs.

According to the water company, it is now necessary to operate the pumps at Yankee dam 18 and more hours a day, compared with 12 hours and less under normal conditions.

Adding also to the concern of the water company is the algae growth, due largely to the low level and slow flow of the Schuylkill river, the source of the water supply.

Pumping is hampered to a limited extent by the algae, which causes additional wear on the mechanism and has a tendency to seal the filter beds.

This requires back flushing, which not only puts the beds out of operation for a limited time, but consumes several inches of water from the reservoir.

EARLIER DURING the week it became necessary to operate the pumps 42 consecutive hours. The problem is not the supply from the river, but how to meet the heavier demand for water and cope with the filtering.

A. L. Buckwalter, one of the water company officers, expressed an opinion that only when the Cromby electric power house was growing, due largely to the low level and slow flow of the Schuylkill river, the source of the water supply.

Rites to Take Place At Morning Services

Communion will be held at five local churches tomorrow.

Emmanuel Lutheran will hold an "abbreviated" Communion during the Service at 10:45 a. m. Students bound for college, men home on leave from military service and others who expect to be away on Oct. 4 (World-wide Communion Sunday) have been invited to commune.

It will not be a general Communion service, the church announced.

The early morning Sacrament of the Altar will be resumed at Grace Lutheran tomorrow. The short service will begin at 7:30 a. m.

Another early Communion service will be held at St. James Lutheran at 8 a. m. The Rev. Edward S. Horn, pastor, will speak on the topic "Invitation to Come."

Christ Episcopal's Holy Communion and healing service will also take place at 8 a. m.

Bethel AME will observe the sacrament at its 11 a. m. worship service. The service will include music by the senior choir.

**Man Dies as Auto Hits Tractor Trailer**

WEST CHESTER, Sept. 4 (AP)—An auto collided with a tractor-trailer truck at nearby Exton today, killing 47-year-old William H. Thomas of Downingtown who was trapped in the blazing car.

Two companions of Thomas, Clifford Larue and Walter Taggart, both of Downingtown, were treated for injuries at Minquas Fire company headquarters at Downingtown.

State trooper Frank Murthorn of the Paoli substation said the crash on Route 30 overturned a heavy truck loaded with 12 tons of paper and sent the auto onto the lawn of the Ship inn, setting the machine afire.

Police identified the driver of the truck—owned by the Petrella Express company in Downingtown—as Andrew Terriman, 41, also of Downingtown.

The wreck tied up westbound traffic on the Lincoln highway for a mile and a half.

**Keep House Cool Says Representative**

Not every family has or can afford air-conditioning, but there are less costly ways to keep a house cool and comfortable, says Mrs. Della Short, home economics extension representative, Montgomery county.

You can put the garden hose to good use around sundown. Sprinkling porches, steps, walks, and even the foundation of the house will have a cooling effect, for this sprinkling water must evaporate and evaporation cools the air.

Keep the windows and blinds closed during the day and you will shut out most of the heat. Toward sundown lower the windows from the top and allow the warm stagnant air near the ceiling to escape.

Because light-colored surfaces reflect heat, light-colored window shades are cooler than dark ones. If you have two-colored shades, put the light color on the outside. Studies on heat absorption show that dark colors absorb as much as eight degrees more heat than do light colors.

### Water Supply Meeting Full Demands; Increased Pumping Operations Forced

Twin Boroughs are not faced with a water shortage and there has been no request as yet to conserve water, but the prolonged dry spell and resultant heavier demand has resulted Home Water Company some problems.

A spokesman said less lawn sprinkling would raise the level in the reservoirs.

According to the water company, it is now necessary to operate the pumps at Yankee dam 18 and more hours a day, compared with 12 hours and less under normal conditions.

Adding also to the concern of the water company is the algae growth, due largely to the low level and slow flow of the Schuylkill river, the source of the water supply.

Pumping is hampered to a limited extent by the algae, which causes additional wear on the mechanism and has a tendency to seal the filter beds.

This requires back flushing, which not only puts the beds out of operation for a limited time, but consumes several inches of water from the reservoir.

EARLIER DURING the week it became necessary to operate the pumps 42 consecutive hours. The problem is not the supply from the river, but how to meet the heavier demand for water and cope with the filtering.

A. L. Buckwalter, one of the water company officers, expressed an opinion that only when the Cromby electric power house was consuming water from the canal 30 years ago was the river at such a low level.

Spring City Resident Injures Foot in Fall

Elmer Hunter, 42, of 201 Chestnut street, Spring City, suffered an injury of the left foot that may be a fracture in a fall from the front porch of a Royersford home yesterday afternoon at 2 o'clock.

Hunter had been helping put on a new roof at the home of George Fritz, 619 Walnut street. Fritz said that a prop against which Hunter had his foot broke, causing the fall.

He was taken by Royersford Community ambulance to Pottstown hospital, where he was admitted for X-rays and observation. A cut of the left hand was sutured.

Man Dies as Auto Hits Tractor Trailer

WEST CHESTER, Sept. 4.—An auto collided with a tractor trailer truck at nearby Exton today, killing 47-year-old William H. Thomas of Downingtown who was trapped in the blazing car.

Two companions of Thomas, Clifford Larue and Walter Taggart, both of Downingtown, were treated for injuries at Miquas Fire company headquarters at Downingtown.

State trooper Frank Murthorn of the Paoli substation said the crash on Route 30 overturned a heavy truck loaded with 12 tons of paper and sent the auto onto the lawn of the ship inn, setting the machine afire.

Police identified the driver of the truck—owned by the Petrella Express company in Downingtown—as Andrew Terriman, 41, also of Downingtown.

The wreck tied up westbound traffic on the Lincoln highway for a mile and a half.

Save Fence Posts With Preservatives

When most common, native species of trees are used for fence posts they decay quite rapidly. In fact, there are only two common, native trees which, without preservative treatment, will make good fence post to last a long time. These are black locust and red cedar.

Two other species, mulberry and osage orange, will last a long time without treatment, but they are not so common.

The heartwood of these four species may last for 15 years or longer without treatment. But with all other species native to Pennsylvania, if you want to get ten years or more life from the posts, you'll have to treat them with some kind of a preservative.

## 407 ATTEND CHESTER COUNTY CLUB ROUNDUP

Judging Exhibits Marks  
Early Part of  
Program

The Chester county Home Economics 4-H club Roundup was held at the London Grove meeting house with 407 members, leaders, and guests present.

The morning was devoted to judging exhibits and clothing with Elsie Trabert, assistant State 4-H club leader; Ruth Mangus, extension representative from Delaware county; and Mrs. Della Short, extension representative from Montgomery county doing the judging. Those assisting with the judging were Mrs. John Carmichael, Chester Springs; Mrs. John Fettes, Oxford; Mary McMullan, Pocopson; and Mrs. Norman Martin, Sadsbury.

Mrs. Martin also spoke to the group about hobbies and had her hobby of buttons on display.

The afternoon program included music and skits given by various club members, with Sally Walter, Homeville; Joan Romig, West Bradford; and Mrs. Harold Thomforde, West Grove, in charge.

Group singing was led by Mrs. James Hassler, Cochranville, with Mrs. Ralph Connelly, Gum Tree, at the piano. Jean Singer, music student at West Chester State Teachers college, sang "Dreaming," the 4-H club song for girls.

A report on 4-H club week, held at Penn State August 10-13, was given by Laura Conner, Landenberg, who received second honors in showing the Landenberg club clothing exhibit at club week, and Jane Louise Cairns, Sadsbury. A style show with the 4-H girls modeling the garments they made concluded the program.

The clubs represented at the Roundup were: West Grove, Sadsbury, New London, Grove, Brownbacks, Landenberg, Highland, Elkview, Homeville, Goshen, Cochranville, Kenilworth, London Grove, Twin Valley, Kennett Square, Elverson, West Bradford, Guthrieville, and Oxford.

### Malathon Is Approved For Fly Control in Barns

Word has just been received that malathon may be used as a residual spray inside dairy barns. Spray when the cattle are out of the barn, don't spray milk houses, and keep spray off of feed. Use 1 gallon of the 54 percent emulsion or 20 pounds of 25 percent wettable powder in 50 gallons of water. The addition of 10 pounds of sugar or 1 gallon of cheap molasses will increase the kill and extend the residual period.

Malathon is only approved for use in dairy barns and not for use on livestock.

## For Home Garden Crops in the Fall Choose Early Varieties to Beat Frost

Beets are best for the table and for canning when as large as golf balls.

In selecting varieties of vegetables to sow late, for Fall harvest, the first step should be to check the local weather office. The average date of the first killing frost in the Fall in your locality may determine the variety which you will sow.

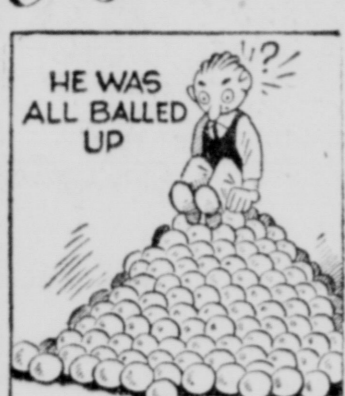

If 100 days of frost-free weather remains, you will have a wide range of vegetables you can sow but do not start those which take 90 days to mature, unless they will survive early frosts.

To mature Chinese cabbage takes 90 days, brussels sprouts, one of the hardest vegetables, takes 80 days, but both these will survive several freezing nights and yield a welcome harvest weeks after tender vegetables have been killed.

For winter greens, sow kale which will be improved in flavor by freezing and may often be harvested as late as Christmas even in northern states.

THOUGH YOU are sowing late, remember in the case of tender vegetables to choose "early" varieties, which means they mature early. Early beans will mature in 55 days, lettuce in 45 days, beets in 55 days, carrots in 70 days, cucumbers in 45 days, radishes in 30 days.

## Root Growth Good For Young Trees Planted in Autumn

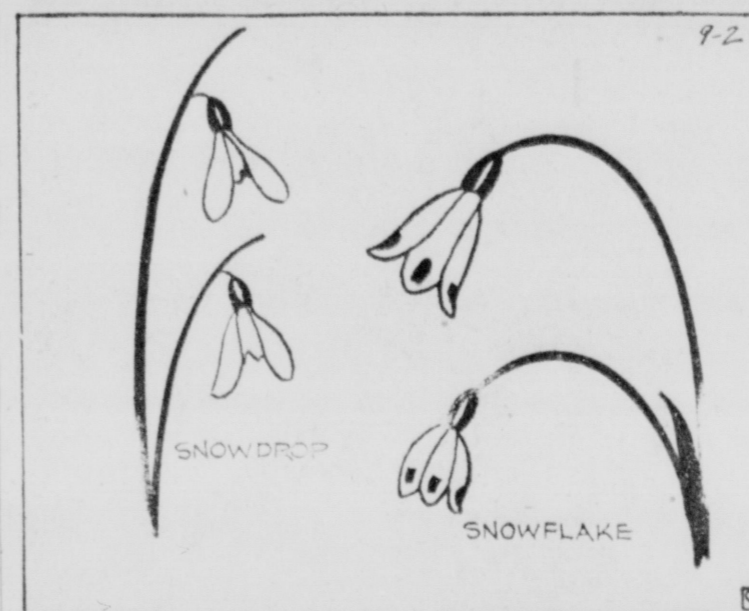

Young trees planted in Autumn aren't really "Fall guys." Matter of fact, they enjoy certain advantages when newly set on the home grounds.

Fall planting of both deciduous trees and evergreens give these landscape adornments a better opportunity to create root growth before the next growing season. They are thus better established in the new location. So says C. A. Hoge, field representative of a Tree Expert company, who points out roots continue to grow long after deciduous trees are completely denuded.

Transplanting probably can be done as easily and as effectively, in most instances, as in the Spring. This is especially true of evergreens planted with a "ball" of earth. Succulent rooted trees which need considerable moisture to thrive, are usually more successfully moved in Spring. So don't transplant now such vulnerable species as dogwood, magnolia and tulip.

Fall landscape alteration is attractive to the home owner because trees are then easy to dig, ball, transport, plant, while lawns are settled and firm. Your nurseryman will offer a better selection.

## To Have Flowers in Winter, Plant Bulb Selection This Month and Next

BY PLANTING a selection of the bulbs this September and October, the home gardener can have color in the garden from earliest March through May next year. Among these bulbs should be a quantity of snowdrops, which are the earliest flowers to bloom. Sometimes in January or February and without fail by March, they live up to their name by blooming when the snow melts enough for them to be seen.

Snowflakes, or Leucojumps, also belong to the snowdrop family. Both are shown in the

accompanying Garden-Graph.

Snowdrops naturalize easily when planted under three inches of soil. They should be planted thickly. They require no attention and can remain undisturbed for years. They will grow in sun or shade.

There are several varieties of Snowflakes. Vernalis is the earliest, blooming in late March. Next in blooming order is the variety,

Aestivus, which flowers in late April. The variety, Gravetye Giant, blooms still later in the Spring. It does best in a shady location.

The Winter aconites, Eranthis hyemalis, should be planted as soon as received in September, since the bulbs may deteriorate. Snowdrops also need to be put into the ground at once. Others can be set out right through the weeks of Fall planting.

The need for mass planting of these early "snow flowers" is made obvious by the fact that the majority are only three to six inches in height. Unless planted solidly, they are not visible at any distance.

Sunshine evaporates water; save it by doing necessary hosing after sundown, except for roses which should be watered at the beginning of the day.

## Lulu Perez Halls Gallardo on TKO; Loser's Eye Cut

NEW YORK, Sept. 4 (AP)—Lulu Perez, flashy Brooklyn prospect, scored his 22d straight victory tonight when he stopped Davey Gallardo of Los Angeles on cuts in eight rounds of a bristling ten-rounder in Madison Square Garden. Referee Ruby Goldstein halted the scrap after the eighth round and it went into the books as an eight-round technical knockout.

Perez, who weighed 125 to Gallardo's 126½, was a 4-1 favorite although he ranks eighth among the featherweights while Gallardo ranks fifth.

In the first round it looked like the odds favoring the 20-year-old Brooklyn speedster were justified when he staggered the scrappy coast crewcut with a flashing overhand right to the jaw.

In the second Perez buzzed around Davey and opened a cut over the underdog's left eye. The odds still looked good. But from then on the experienced 23-year-old Californian gave Lulu the battle of his life, staggering him in the fourth and eighth rounds with rights to the jaw.

FROM THE third round on, Gallardo pressed the attack and they fought at a furious pace the rest of the way. Perez scored with left jabs and speedy left-right combinations to the head while Gallardo relied heavily on rights to the head.

In the seventh round Gallardo suffered a second cut over his left eye and that proved his undoing. Perez peppered the cuts with stinging jabs and hooks and short rights and Davey's face was smeared with blood.

Dr. Vincent Nardiello, who had examined Gallardo twice before, took another look at Gallardo after the seventh and permitted him to continue.

Realizing that he couldn't go much further with the deep gashes, Gallardo tore out in the eighth for a knockout. He almost did it too. A right to the chin wobbled Lulu's legs and he held on desperately. That saved him. His head cleared and he soon had Gallardo bleeding badly.

At the end of the round, Dr. Nardiello went over to Gallardo and then advised Goldstein to stop the fight.

Goldstein had Perez leading 4-3-1 while judge Bill Rech had Perez in front 5-2-1. Judge Harold Barnes had Gallardo leading 4-3-1. The AP scorecard had Gallardo winning, 4-3-1.

It was Lulu's 32d win in 33 pro fights. Gallardo suffered his 14th loss against 46 victories.

## Nary Shoots 64 In Celebrities Golf

WASHINGTON, Sept. 4 (AP)—Bill Nary, a tall Californian with a deadly accurate putter fired a record-breaking 64 in the second round of the National Celebrities Open Golf tournament today, but that wasn't quite good enough to overtake the front-running Lew Worsham.

Worsham, the year's biggest money winner, gave the rolling Woodmont Country club course a licking for the second straight day to take the halfway lead with a seven under par 137. Nary, whose score was three under the old course record, was in a three-way tie for second at 139.

Cool breezes played over the course today and the scores showed it as the golfers who wilted in the 100-degree temperatures yesterday found their game and handed the par of 72 a sound thrashing.

Nary not only gave it a licking. He murdered it, recording seven birdies and an eagle, and going over regulation figures only once when his putt rolled around the rim on the par three 7th hole.

On 10 of the 18 holes, Nary was home in one putt. He required the regulation two on the other eight holes, and twice came within an eyelash of carding a hole in one.

YET THAT wasn't the hottest round in the career of the 38-year-old Kansas City professional. He tied the PGA competitive course record of 60 in the El Paso Open last year.

"This round today was just as good," a grinning Nary said afterwards. "This course is a lot harder than the one at El Paso."

Worsham, the Oakmont, pro whom his friends call "The Chin," meanwhile was maintaining his steady, powerful game to come home with a 69, three under par.

Bob Toski, who played in the threesome with Worsham, said "Lew is really at the top of his game. His drives are better than he's ever been hitting them before."

Tied for second, were Cary Middlecoff, the Memphis, Tenn., dentist, and Ted Kroil, Ryder Cupper from New Hartford, N. Y., each of whom added a 69 to an opening day 70 for a two-day total of 139.

CAN'T GET OUT OF THE HABIT—The Elks of the Knee-Hi league won their third straight playoff title Thursday night and lost only one game during the entire season. Many of the boys pictured above will be graduated out of the Knee-Hi league after leading the Elks over the victorious three-year span. Front row, from left: Jan Fritz, Ed Skarbek, Gary Spohn, Jr., Tom Ecker,

Dave Harvey, George McLain, Bobby McElroy, Charlie Erb and Dave Borgiet. Second row: Pete Hoover, Billy Smale, Don Kunkle, Billy Bush, Bobby Waycock, David Harp, Tommy Koury John Kotona, Billy Logan, Barry Borgiet and Jimmy Bush. Back row: coaches Don Kunkle, Gary Spohn, Sr., John Waycock, Red Borgiet and Woody Bushey.

## Taggin' Along

With Ed Taggart  
**THREE TEAMS WIN PAIR OF TITLES;  
FEW NOTTINGHAM VISITORS**

The area playoff season officially ended Thursday night with the crack of Pete Hoover's bat as his seventh-inning homer gave Elks the Knee-Hi league playoff championship.

It was a fitting end to a long and crowded season of Summer sports. There will be a few more exhibition baseball and softball games but the Knee-Hi final cleared the slate of league competition.

The Elks were one of the three teams to win both regular season and playoff titles. Shamrocks in the Junior League and Engineers of the Doehler Jarvis softball loop gained double honors.

No teams in league play went through the season without suffering at least one defeat. The Elks waited until their next to last game but Levensgood finally caught them to even the final playoff series with a 5-2 win. Manager Red Borgiet's team then came back on Hoover's homer and Jan Fritz' fine pitching to wrap up the playoff title for the third straight year.

THE SHAMROCKS waltzed through the regular Junior league season without a loss. The win streak was continued until the first game of the final playoff series when the USWA 2326 team put on a five-run rally in the fourth inning to win, 6-1. The 'Rocks were not overwhelmed by the Workers' record of having won the Legion Knee-Hi State and District 9 titles. With 4-3 and 10-3 victories the Shamrocks went on to win the playoff pennant.

After falling behind 2-1 in the post-season games of the Doehler league, the Engineers beat Aluminum Cleaners in the final two contests to become the third two-way champ in the city.

The rest of the regular season titlists found the playoff road a rocky one. Flagg struggled its way past St. John's in the semi-final series of the City Industrial league playoffs but went down in three straight games before the UAW 644 power. Manager Al Ramsdell's Flaggmen had earlier defeated the Workers of Chick Hawk in a pair of crucial games to capture the flag during the regular season.

The City Softball league playoffs showed a complete reversal of form on the part of Schwab's Oilers who were unbeatable early in the season. They held on to win the crown but were defeated by Jacobs in the semi-final playoff round. With Hal Endy carrying the pitching load, the Oilers were hard pressed to even gain a playoff berth. PAR, the team that grew stronger as the season progressed, defeated Jacobs four games to one in the final playoff series to make it four playoff champions in five years.

PROBABLY THE biggest playoff disappointment was Ringing Hill. With a lineup of sluggers and several top hurlers the Hillers of Manager Bob Schaeffer romped through the long Suburban league schedule handling everybody except Royersford with ease. But a fired up Gabelsville club eliminated the regular season champs in the semi-finals of the post season matches, and then went on to garner the flag by downing Spring Mount in the fifth game of the best-of-five series.

Emmanuel and Transfiguration finished the season in a two-way tie for first place in the Sunday School league but both felt the bite of Coventryville Methodist in the playoffs. After knocking Transfig out in two straight, Coventryville won two out of three against Emmanuel for the title.

The Outdoor Basketball league also wound up with two champions. Phoenixville Clippers defeated Ron's Boys in a special first-place playoff for the regular season crown. The Clippers couldn't climb the playoff grade, however, as Ernlex bumped them out in the semi-final round. Boyertown eliminated Ron's Boys and went on to win the playoff championship.

The State champion Cardinals certainly won more than their share of games but couldn't quite make it through the regional playoffs won by Washington, D. C.

THE POTTSTOWN HIGH football team didn't receive quite as many visitors this year at training camp as it usually does. The opinion that it was just as hot in Maryland as in Pottstown kept parents and fans at home.

There is a swimming lake on the West Nottingham academy campus but only a smattering of boys used it to cool off. There has been less rain in that area this Summer than in Pottstown, and the pool had a stagnant smell which had the swimmers holding their noses.

Bill McCabe walked off with top table waiting honors among the coaches. A decorative touch in the form of flowers made Bill the host with the most. Head coach Heeb Meyers also took his turn with the tray and was under steady fire from his assistant, Morrie Grigg.

McCabe also won the unofficial coaches golf tournament. However, his three Souderton opponents, Johnny Myers and his two assistants, were pretty new at the fairway game—150 shooters on a good day.

The No. 1 man on the Souderton team is Bobby Famous, third baseman for the Souderton Legion team. Bobby is a sharp runner and passer. The Amoles will remember his 4 for 4 batting job at Franklin field this Summer.

School board president Bert Shaw and friend Harry Shaffer weathered Thursday's weather for the journey south and were welcomed by Meyers and the boys.

### Vince Martinez Wins

ASBURY PARK, N. J., Sept. 4 (AP)—Vince Martinez of Paterson rapped out an easy 10-round decision over Joey Bishop of Philadelphia in the main bout at the high school stadium here tonight.

Martinez, once rated highly enough to be chosen boxing's rookie of 1952, had little trouble with Bishop. The Philadelphia boxer fought out of a very low crouch, providing only the top of his head as a target. But Martinez kept up a steady bombardment and both of Bishop's eyes were cut at the end of the bout.

Bishop's only offensive displays came on a couple of wild rights he threw, one of which staggered Martinez momentarily in the eighth round. There were no knockdowns. Referee Paul Cavalier awarded the fight to Martinez, eight rounds to two even.

Martinez weighed in at 130 to Bishop's 141.

The highest one-day attendance at the Atlantic City race track was 31,378 on Aug. 23, 1952.

### Mose Moore Zooms

## Sanatoga Stock Drivers Closing Point Gap on Leader Reds Leshner

The All Stars Stock Car Racing club and its sizzling point race for the season's individual championship turns into the homestretch tonight in an eight-event program at Sanatoga Speedway.

Seven racing events, embellished with another destruction derby, will get into motion at 8:30 at the track. The program, first of the month and one of the final six or eight of the campaign, is expected to attract all ten top point-getters in the club.

They include Reading's Reds Leshner, the leader who has been having his troubles of late, and fifth place Mose Moore of Pottstown, the hottest driver extant at this juncture. Another showdown is expected to develop between the two in the 30-lap 16-car finale, and if it does, they both may make room for a fresh winner.

Last week, while Leshner, Moore and other notables locked wheels in a frenzied run for the grand prize, George Gregory slipped through to win. Other skilled pilots who have been diving in bad luck will be looking for the same.

Labor Day Show  
A special "Speedorama" will be staged at Sanatoga Speedway on Labor Day with six different racing and exhibition events scheduled to start at 8:30 p. m.

sort of opening tonight. Among them are Rocky and Frank Ewing, the popular brother team from Royersford, Monk and Sam Kellar of Pottstown, Dick Rodenberger of Quakertown and Stan Fink of Pottstown.

RODENBERGER particularly has been a disappointment of late. The slambang driver of No. 7X rolled to a long lead in the early point race, but gave way to Leshner a month ago and has tailed off since. Car troubles have kept Rodenberger out of contention, but that may be corrected by now.

In the destruction derby four cars will batter each other until only one is left in running order. According to Promoter George Marshman, anything can happen in that portion of the program, including a full scale fire as evidenced by the last installment a week ago.

## Penn Prexy Meets Gridders

HERSHEY, Sept. 4 (AP)—Dr. Gaylord P. Harnwell, newly-appointed president of the University of Pennsylvania, was introduced to the Red and Blue football squad in training here today—and at least one of his remarks brought a roar of laughter from the gridders.

Referring to Penn's exceptionally rugged schedule this season, and particularly in view of the school's new de-emphasis policy under Ivy league regulations, Dr. Harnwell observed:

"I realize that you are called upon to play above and beyond the normal call of duty."

But the new prexy assured the squad that "the football schedule will be properly adjusted as soon as possible."

Dr. Harnwell, however, indicated he was not yet ready to make any formal announcement on future athletic policy at the university. Harnwell's appointment as prexy came in the wake of a bitter dispute over whether Penn should play "big time" football and still observe Ivy league rules de-emphasizing the role of the sport in school programs.

Reading Nabs Title  
WILKES-BARRE, Sept. 4 (AP)—The Reading Indians tonight clinched the Eastern league pennant by clubbing the Wilkes-Barre Barons, 11-6. In the first game of a doubleheader.

# Trojans Return From Camp; Resume Practice Next Tuesday

The Trojans are back from training camp and the Pottstown High coaches feel it was a profitable week. They didn't come back with any stars or high hopes of an outstanding team but the teachers now know more about their pupils' strong and weak points.

The team bus arrived in Pottstown about 5 p. m. The Trojans can not take it easy until Tuesday afternoon when hard practice sessions will be resumed.

## US Walker Cuppers Beat British, 3-1; 2 Polite Hassles

MARION, Mass., Sept. 4 (AP)—America's top amateur golfers polished up the historic Walker Cup today and got ready to send it back to the vault for two more years as they captured three out of four points in the opening four-somes.

By dominating this section of the two-day match against Great Britain, in a day highlighted by a couple of polite hassles about the rules, the home forces made it almost certain that they will keep the trophy.

Eight singles matches will be played tomorrow over the breezy seaside course of the Kittansett club, but only a complete form reversal could bring the British enough points to win.

Only Gerald Micklem and John L. Morgan, a pair of veterans of international competition, managed to salvage a point for the British team.

MICKLEM, the 43-year-old English Amateur champion, and Morgan, a 35-year-old Welshman, turned in a decisive 4 and 3 victory over Bill Campbell of Huntington, W. Va., and Charley Coe of Oklahoma City, who had figured to form one of the strongest American combinations.

The biggest excitement of the day came soon after the start of the morning round of the 36-hole matches. That was when Jim Jackson of St. Louis, a "rookie" member of the Cup team, disappeared he was carrying two more clubs than the 14 allowed by the rules.

That brought a threat of disqualification and almost an international "incident" before it was settled to everyone's satisfaction by a two-hole penalty against the American team of Jackson and Gene Littler of San Diego, Calif.

When calm settled over the Kittansett course again, the Americans went on to wrap up three victories in this fashion.

US Amateur champion Jack Westland of Everett, Wash., and former British Amateur champion Harvie Ward of Atlanta, shellacked John D. A. Langley and Arthur Perwone, 9 and 8.

SAM URZETTA of Rochester, N. Y., 1950 U. S. champion, and 22-year-old Ken Venturi of San Francisco, the youngest member of the team, whipped Ireland's Joe Carr, current British Amateur champion, and Ronald White, 6 and 4.

And Jackson and Littler, three down after the first three holes because of the penalty, bounced back to beat Scotland's pair of James C. Wilson and Roy C. MacGregor, 3 and 2.

In spite of today's showing, some of the Britons played enough good golf to show that they won't be pushovers in tomorrow's singles. The Micklem-Morgan and Wilson-MacGregor teams stayed close to Kittansett's par of 35-35-70 all day.

That was about as good as anyone could do on the rugged, 6545-yard seaside course. Some of the scores in the alternate stroke play were way up in the 80's.

## Ottawa Tops Athletics, 4-3

OTTAWA, Sept. 4 (AP)—The Ottawa Athletics of the International league tonight pinned a 4-3 defeat on their parent club, the Philadelphia Athletics of the American league.

Ray Murray gave Philadelphia a one-run lead in the third with a 370-foot homer. But Ottawa snapped back in its half of the inning with four runs on four singles, a walk and a double by Lou Limmer. All the runs were scored after two were out.

Philadelphia wound up the scoring in the fifth with two more runs on three Ottawa errors and singles by Loren Baba and Elmer Valo.

Philadelphia used two pitchers with starter Ed Monahan taking the loss. Ed Hrabcsak, first of three Ottawa pitchers, was the winner.

## Lulu Perez Halts Gallardo on TKO; Loser's Eye Cut

NEW YORK, Sept. 4 (AP)—Lulu Perez, flashy Brooklyn prospect, scored his 22d straight victory tonight when he stopped Davey Gallardo of Los Angeles on cuts in eight rounds of a bristling ten-rounder in Madison Square Garden. Referee Ruby Goldstein halted the scrap after the eighth round and it went into the books as an eight-round technical knockout.

Perez, who weighed 125 to Gallardo's 126½, was a 4-1 favorite although he ranks eighth among the featherweights while Gallardo ranks fifth.

In the first round it looked like the odds favoring the 20-year-old Brooklyn speedster were justified when he staggered the scrappy coast crewcut with a flashing overhand right to the jaw.

In the second Perez buzzed around Davey and opened a cut over the underdog's left eye. The odds still looked good. But from then on the experienced 23-year-old Californian gave Lulu the battle of his life, staggering him in the fourth and eighth rounds with rights to the jaw.

FROM THE third round on, Gallardo pressed the attack and they fought at a furious pace the rest of the way. Perez scored with left jabs and speedy left-right combinations to the head while Gallardo relied heavily on rights to the head.

In the seventh round Gallardo suffered a second cut over his left eye and that proved his undoing. Perez peppered the cuts with stinging jabs and hooks and short rights and Davey's face was smeared with blood.

Dr. Vincent Nardiello, who had examined Gallardo twice before, took another look at Gallardo after the seventh and permitted him to continue.

Realizing that he couldn't go much further with the deep gashes, Gallardo tore out in the eighth for a knockout. He almost did it too. A right to the chin wobbled Lulu's legs and he held on desperately. That saved him. His head cleared and he soon had Gallardo bleeding badly.

At the end of the round, Dr. Nardiello went over to Gallardo and then advised Goldstein to stop the fight.

Goldstein had Perez leading 4-3-1 while judge Bill Rech had Perez in front 5-2-1. Judge Harold Barnes had Gallardo leading 4-3-1. The AP scorecard had Gallardo winning, 4-3-1.

It was Lulu's 32d win in 33 pro fights. Gallardo suffered his 14th loss against 45 victories.

## Nary Shoots 64 In Celebrities Golf

WASHINGTON, Sept. 4 (AP)—Bill Nary, a tall Californian with a deadly accurate putter fired a record-breaking 64 in the second round of the National Celebrities Open Golf tournament today, but that wasn't quite good enough to overtake the front-running Lew Worsham.

Worsham, the year's biggest money winner, gave the rolling Woodmont Country club course a licking for the second straight day to take the halfway lead with a seven under par 137. Nary, whose score was three under the old course record, was in a three-way tie for second at 139.

Cool breezes played over the course today and the scores showed it as the golfers who wilted in the 100-degree temperatures yesterday found their game and handed the par of 72 a sound thrashing.

Nary not only gave it a licking. He murdered it, recording seven birdies and an eagle, and going over regulation figures only once when his putt rolled around the rim on the par three 7th hole.

On 10 of the 18 holes, Nary was home in one putt. He required the regulation two on the other eight holes, and twice came within an eyelash of carding a hole in one.

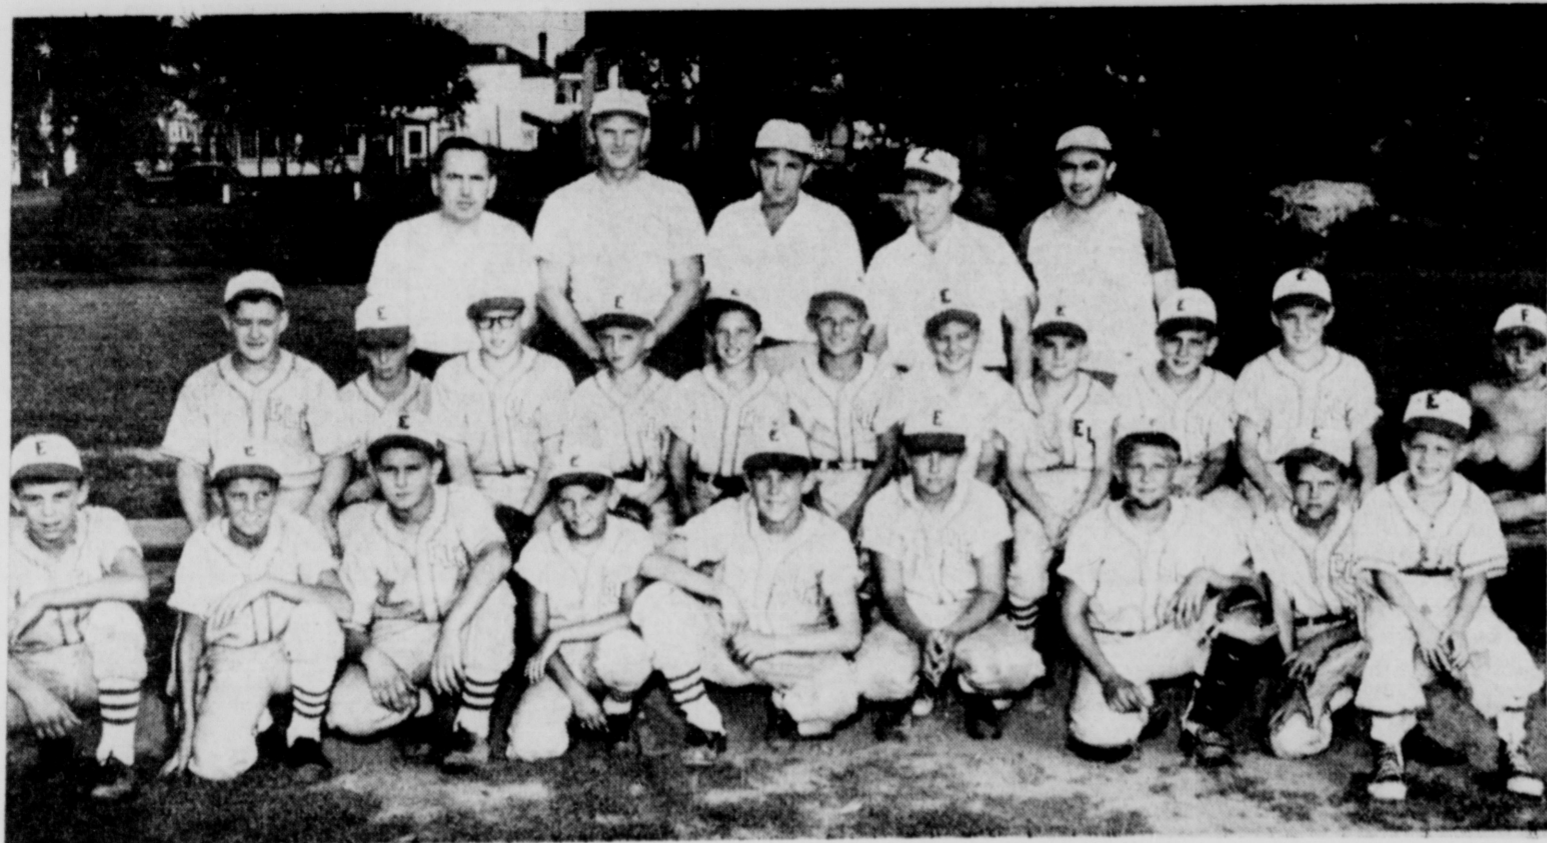

YET THAT wasn't the hottest round in the career of the 38-year-old Kansas City professional. He tied the PGA competitive course record of 60 in the El Paso Open last year.

"This round today was just as good," a grinning Nary said afterwards. "This course is a lot harder than the one at El Paso."

Worsham, the Oakmont, Pa. pro whom his friends call "The Chin," meanwhile was maintaining his steady, powerful game to come home with a 69, three under par.

Bob Toski, who played in the threesome with Worsham, said "Lew is really at the top of his game. His drives are better than he's ever been hitting them before."

Tied for second, were Cary Mid-dleoff, the Memphis, Tenn., dentist, and Ted Kroll, Ryder Cupper from New Hartford, N. Y., each of whom added a 69 to an opening day 70 for a two-day total of 139.

## Taggin' Along

With Ed Taggart  
THREE TEAMS WIN PAIR OF TITLES;  
FEW NOTTINGHAM VISITORS

The area playoff season officially ended Thursday night with the crack of Pete Hoover's bat as his seventh-inning homer gave Elks the Knee-Hi league playoff championship.

It was a fitting end to a long and crowded season of Summer sports. There will be a few more exhibition baseball and softball games but the Knee-Hi final cleared the slate of league competition.

The Elks were one of the three teams to win both regular season and playoff titles. Shamrocks in the Junior league and Engineers of the Doehler-Jarvis softball loop gained double honors.

No teams in league play went through the season without suffering at least one defeat. The Elks waited until their next to last game but Levensgood finally caught them to even the final playoff series with a 5-2 win. Manager Red Borgiet's team then came back on Hoover's homer and Jan Fritz' fine pitching to wrap up the playoff title for the third straight year.

THE SHAMROCKS waltzed through the regular Junior league season without a loss. The win streak was continued until the first game of the final playoff series when the USWA 2328 team put on a five-run rally in the fourth inning to win, 6-1. The Rocks were not overwhelmed by the Workers' record of having won the Legion Knee-Hi State and District 9 titles. With 4-3 and 10-3 victories the Shamrocks went on to win the playoff pennant.

After falling behind 2-1 in the post-season games of the Doehler league, the Engineers beat Aluminum Cleaners in the final two contests to become the third two-way champ in the city.

The rest of the regular season titlists found the playoff road a rocky one. Flagg struggled it way past St. John's in the semi-final series of the City Industrial league playoffs but went down in three straight games before the UAW 644 power. Manager Al Ramsdell's Flaggmen had earlier defeated the Workers of Chick Hawk in a pair of crucial games to capture the flag during the regular season.

The City Softball league playoffs showed a complete reversal of form on the part of Schwab's Oilers who were unbeatable early in the season. They held on to win the crown but were defeated by Jacobs in the semi-final playoff round. With Hal Endy carrying the pitching load, the Oilers were hard pressed to even gain a playoff berth. PAR, the team that grew stronger as the season progressed defeated Jacobs four games to one in the final playoff series to make it four playoff champions in five years.

PROBABLY THE biggest playoff disappointment was Ringing Hill. With a lineup of sluggers and several top hurlers the Hillers of Manager Bob Schaeffer romped through the long Suburban league schedule handling everybody except Roversford with ease. But a fired up Gabelsville club eliminated the regular season champs in the semi-finals of the post season matches, and then went on to garner the flag by downing Spring Mount in the fifth game of the best-of-five series.

Emmanuel and Transfiguration finished the season in a two-way tie for first place in the Sunday School league but both felt the bite of Coventryville Methodist in the playoffs. After knocking Transfig out in two straight, Coventryville won two out of three against Emmanuel for the title.

The Outdoor Basketball league also wound up with two champions. Phoenixville Clippers defeated Ron's Boys in a special first-place playoff for the regular season crown. The Clippers couldn't climb the playoff grade, however, as Erntex bumped them out in the semi-final round. Boyertown eliminated Ron's Boys and went on to win the playoff championship.

The State champion Cardinals certainly won more than their share of games but couldn't quite make it through the regional playoffs won by Washington, D. C.

THE POTTSTOWN HIGH football team didn't receive quite as many visitors this year at training camp as it usually does. The opinion that it was just as hot in Maryland as in Pottstown kept parents and fans at home.

There is a swimming lake on the West Nottingham academy campus but only a smattering of boys used it to cool off. There has been less rain in that area this Summer than in Pottstown, and the pool had a stagnant smell which had the swimmers holding their noses.

Bill McCabe walked off with top table waiting honors among the coaches. A decorative touch in the form of flowers made Bill the host with the most. Head coach Heeb Meyers also took his turn with the tray and was under steady fire from his assistant Morrie Grigg.

McCabe also won the unofficial coaches golf tournament. However, his three Souderton opponents, Johnny Myers and his two assistants, were pretty new at the fairway game—150 shooters on a good day.

The No. 1 man on the Souderton team is Bobby Famous, third baseman for the Souderton Legion team. Bobby is a sharp runner and passer. The Amoles will remember his 4 for 4 batting job at Franklin field this Summer.

School board president Bert Shaw and friend Harry Shaffer weathered Thursday's weather for the journey south and were welcomed by Meyers and the boys.

## Vince Martinez Wins

ASBURY PARK, N. J., Sept. 4 (AP)—Vince Martinez of Paterson rapped out an easy 10-round decision over Joey Bishop of Philadelphia in the main bout at the high school stadium here tonight.

Martinez, once rated highly enough to be chosen boxing's rookie of 1952, had little trouble with Bishop. The Philadelphia boxer fought out of a very low crouch, providing only the top of his head as a target. But Martinez kept up a steady bombardment and both of Bishop's eyes were cut at the end of the bout.

Bishop's only offensive displays came on a couple of wild rights he threw, one of which staggered Martinez momentarily in the eighth round. There were no knockdowns. Referee Paul Cavalier awarded the fight to Martinez, eight rounds to two even.

Martinez weighed in at 150 to Bishop's 144.

The highest one-day attendance at the Atlantic City race track was 31,378 on Aug. 23, 1952.

### Sanatoga Stock Drivers Closing Point Gap on Leader Reds Lesher

The All Stars Stock Car Racing club and its sizzling point race for the season's individual championship turns into the homestretch tonight in an eight-event program at Sanatoga Speedway.

Seven racing events, embellished with another destruction derby, will get into motion at 8:30 at the track. The program, first of the month and one of the final six or eight of the campaign, is expected to attract all ten top point-getters in the club.

They include Reading's Reds Lesher, the leader who has been having his troubles of late, and fifth place Mose Moore of Pottstown, the hottest driver extant at this juncture. Another showdown is expected to develop between the two in the 30-lap 16-car finale, and if

it does, they both may make room for a fresh winner.

Last week, while Lesher, Moore and other notables locked wheels in a frenzied run for the grand prize, George Gregory slipped through to win. Other skilled pilots who have been driving in the club will be looking for the same luck.

## "40" TROJANS TO DINE

The "40" boys of former coach Ed Good will dine together at a banquet honoring their long winning streak in baseball over the past three seasons.

It will be somewhat of a "farewell to coaching" for Good who will confine his duties in sports to the athletic directorship from now on.

This will also be a final get-together for many of the boys who will probably be in the service before too many months are past.

The unbeaten streak was started early in the 1951 season and continued through the close of the '53 campaign. Close to 30 players and managers who took part in building the team will attend the banquet. A few are in the service and will not be present.

The dinner will be at 5 p. m. at Howard Johnson's.

SEEKS 400 WINS—Willie Shoemaker stands a good chance of becoming the first American jockey in the history of horse racing to win 400 races in one year. He is well on his way to setting a new mark, currently running ahead of Tony DeSpirito's pace of the past year when he established the present mark of 390 victories.

## Reading Nabs Title

WILKES-BARRE, Sept. 4 (AP)—The Reading Indians tonight clinched the Eastern league pennant by clubbing the Wilkes-Barre Barons, 11-6, in the first game of a doubleheader.

## Labor Day Show

A special "Speedorama" will be staged at Sanatoga Speedway on Labor Day with six different racing and exhibition events scheduled to start at 8:30 p. m.

sort of opening tonight. Among them are Rocky and Frank Ewing, the popular brother team from Roversford, Monk and Sam Kellar of Pottstown, Dick Rodenberger of Quakertown and Stan Fink of Pottstown.

RODENBERGER particularly has been a disappointment of late. The slambang driver of No. 7X rolled to a long lead in the early point race, but gave way to Lesher a month ago and has tailed off since. Car troubles have kept Rodenberger out of contention, but that may be corrected by now.

In the destruction derby four cars will batter each other until only one is left in running order. According to Promoter George Marshman, anything can happen in that portion of the program, including a full scale fire as evidenced by the last installment a week ago.

## Penn Prexy Meets Gridders

HERSHEY, Sept. 4 (AP)—Dr. Gaylord P. Harwell, newly-appointed president of the University of Pennsylvania, was introduced to the Red and Blue football squad in training here today—and at least one of his remarks brought a roar of laughter from the gridders.

Referring to Penn's exceptionally rugged schedule this season, and particularly in view of the school's new emphasis policy under Ivy league regulations, Dr. Harwell observed:

"I realize that you are called upon to play above and beyond the normal call of duty."

But the new prexy assured the squad that "the football schedule will be properly adjusted as soon as possible."

Dr. Harwell, however, indicated he was not yet ready to make any formal announcement on future athletic policy at the university. Harwell's appointment as prexy came in the wake of a bitter dispute over whether Penn should play "big time" football and still observe Ivy league rules de-emphasizing the role of the sport in school programs.

# Trojans Return From Camp; Resume Practice Next Tuesday

The Trojans are back from training camp and the Pottstown High coaches feel it was a profitable week.

They didn't come back with any stars or high hopes of an outstanding team but the teachers now know more about their pupils' strong and weak points.

The team bus arrived in Pottstown about 5 p. m. The Trojans can not take it easy until Tuesday afternoon when hard practice sessions will be resumed.

## US Walker Cuppers Beat British, 3-1; 2 Polite Hassles

MARION, Mass., Sept. 4 (AP)—America's top amateur golfers polished up the historic Walker Cup today and got ready to send it back to the vault for two more years as they captured three out of four points in the opening four-somes.

By dominating this section of the two-day match against Great Britain, in a day highlighted by a couple of polite hassles about the rules, the home forces made it almost certain that they will keep the trophy.

Eight singles matches will be played tomorrow over the breezy seaside course of the Kittansett club, but only a complete form reversal could bring the British enough points to win.

Only Gerald Micklem and John L. Morgan, a pair of veterans of international competition, managed to salvage a point for the British team.

MICKLEM, the 43-year-old English Amateur champion, and Morgan, a 35-year-old Welshman, turned in a decisive 4 and 3 victory over Bill Campbell of Huntington, W. Va., and Charley Coe of Oklahoma City, who had figured to form one of the strongest American combinations.

The biggest excitement of the day came soon after the start of the morning round of the 36-hole matches. That was when Jim Jackson of St. Louis, a "rookie" member of the Cup team, discovered he was carrying two more clubs than the 14 allowed by the rules.

That brought a threat of disqualification and almost an international "incident" before it was settled to everyone's satisfaction by a two-hole penalty against the American team of Jackson and Gene Littler of San Diego, Calif.

When calm settled over the Kittansett course again, the Americans went on to wrap up three victories in this fashion. U. S. Amateur champion Jack Westland of Everett, Wash., and former British Amateur champion Harvie Ward of Atlanta, shellacked John D. A. Langley and Arthur Perwone, 9 and 8.

SAM URZETTA of Rochester, N. Y., 1950 U. S. champion, and 22-year-old Ken Venturi of San Francisco, the youngest member of the team, whipped Ireland's Joe Carr, current British Amateur champion, and Ronald White, 6 and 4.

And Jackson and Littler, three down after the first three holes because of the penalty, bounced back to beat Scotland's pair of James C. Wilson and Roy C. MacGregor, 3 and 2.

In spite of today's showing, some of the Britons played enough good golf to show that they won't be pushovers in tomorrow's singles. The Micklem-Morgan and Wilson-MacGregor teams stayed close to Kittansett's par of 35-35-70 all day.

That was about as good as anyone could do on the rugged, 6545-yard seaside course. Some of the scores in the alternate-stroke play were way up in the 80's.

Fails to Make Return Trip

Miss Chadwick Sets Channel Record

DOVER, England, Sept. 4 (AP)—Florence Chadwick, California stenographer, swam from England to France in the record time of 14 hours and 42 minutes today but was thwarted in her attempt to make it a roundtrip journey by the ice cold water.

Miss Chadwick jumped into the water here last night at 6:21 p. m., (Pottstown time) and reached France near Wissant at 8:03 a. m. She came ashore for four minutes while she chewed an orange and sucked a lump of sugar. Then she entered the water for the return.

Two and a quarter miles from France, on the return, she was forced to quit because of the cold. "I'm not tired," she said as she was pulled into her boat. "I'm just cold. Oh, I'm so cold I just had to get out of the water."

Then she admitted that "I never really thought I could conquer the channel in both directions on the first real attempt but I shall certainly have another go at it and I think that the next time I'll make it."

Her England-to-France crossing was her third conquest of the channel. She started so suddenly last night that her manager, Tom Fogg, couldn't reach her pilot boat in time to accompany her. However, her swim to France was one of the most direct ever made. In contrast to previous attempts by Miss Chadwick and others, her Royal Navy observer, Tom Dawson, had her swim into the waves instead of floating with them. This cut down on her time. The recognized record for the England to France crossing is Tom Blower's 15 hours and 31 minutes.

SHE STARTED in a rolling sea but the channel was almost "flat" as she reached France and started the return.

Although she indicated that she would attempt the roundtrip again, Miss Chadwick also said that this was her last Summer of swimming. Next year she hopes to take up golf.

"She plans to leave here in about a week for Gibraltar and attack the straits there after a three day inspection tour. Following that she plans on tackling both the Bosphorus and the Dardanelles.

She was greeted both at Wissant and upon her return here by boat by throngs of vacationers. She told the cheering throng here that "I'm feeling fine. In fact I wouldn't mind going in for another swim right now."

The White Sox grabbed a 1-0 lead in the first inning on a bases-loaded fly by Boyd, but Hegan tied the score in the second with his homer.

Boyd's homer, following a pair of walks, gave the Sox a 4-1 edge in the third and the Indians retaliated with one in the fourth.

A single by Red Wilson gave a double by Chico Carrasquel gave the Sox a 5-2 lead in the sixth, but the Indians forged ahead, 6-5, with four in the seventh. Dale Mitchell singled, Al Rosen and pinch hitter Hank Majeski doubled in succession, and Westlake poled a two-run homer.

The Sox bounced back to tie the score in the eighth on a walk and singles by pinch hitter Ed Stewart and Carrasquel.

## DAILY CRYPTOQUOTE—Here's how to work it:

ANY DURAAX  
IS LONG FELLOW

One letter simply stands for another. In this example A is used for the three L's. N for the two O's etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

## Do You Remember?

Those grand old days when Pottstown and area was in its infancy—Here's another photo that may recapture a few moments of eternity for you, a picture to stir your memory and let you catch a glimpse of the past.

Spring City's J.A.C. Baseball club poses on the Broad street ball grounds in 1915 after it won the championship of Spring City from Spring City A.A. Only the umpire at top left is anonymous. Others in back row, left to right, are "Wub" Clemens, Fred Weaver, "Wub" Wunder, "Ras" Verk, "Cinny" Wunder, "Liz" Hartrant and "Phoebe" Bullock, assistant manager; front row, left to right, Ralph Woodward, Harry Zerby, manager; Charles Balford, Lawson Clemens, Dick Bock, Ellis Parsons and George Hewitt.

## Obituaries

Services for SAMUEL C. STERLEY, 85, husband of the late Mary Ella (Bush) Sterley, 464 NORTH HANOVER STREET, who died late Thursday, will be held tomorrow afternoon at 2:30 o'clock from the Schumacher Funeral home, 359 King street.

The Rev. Maurice E. Hoover, pastor of Searles Memorial Methodist church, will officiate. Interment will be made in Mt. Zion cemetery.

Mr. Sterley, who was bedfast for two weeks before his illness, had been a partner for 35 years in the former Miffilin W. Baily Hardware store, which was located at 246 High street.

He was a member of the official board of Searles Memorial Methodist church and the Baraca Men's Bible class of the church.

For the past five years, he lived at the home of a daughter, Nellie L., wife of Lloyd D. Klink, 464 North Hanover street. Before that, he lived for 36 years at 368 Spruce street.

Born in Montgomery county, he was a son of Philip and Catharine (Cassel) Sterley.

Surviving are the daughter; two grandchildren and three great-grandchildren.

Services for ANNIE M. (WEAND) EARLY, 61, wife of Joshua Early, 38 WEST FIFTH STREET, who died Thursday afternoon in Fitkin hospital, Neptune county, N. J., will be held Tuesday at 2 p. m. from the Houck funeral home, 112 North Franklin street.

Officiating will be the Rev. Howard A. Kosman, pastor of Zion Reformed church. Interment will be in Highland Memorial Park.

Funeral services for KENNETH W. KNAUER, son of Ruth (Riegel) Knauer, DOUGLASSVILLE RD. 2, were held from the Houck funeral home at 10 a. m. yesterday with the Rev. Dr. Luther A. Krouse, pastor of Emmanuel Lutheran

ingtown. He was killed when his car crashed into a truck on Route 30, near Exton, around 5:30 p. m.

The Paoli police also reported another accident late last night, although no particulars were available. It was learned that the mishap occurred at Route 23 and 83, near Phoenixville.

In rounding out their report, State police added that traffic was "considerably heavy."

ALTHOUGH the roads are being jammed with motorists, a check with the local Reading railroad ticket office last night revealed that things are going on as normal.

A ticket agent at the office said, "We haven't noticed anything unusual, but we are looking forward to a lot of work as the weekend progresses."

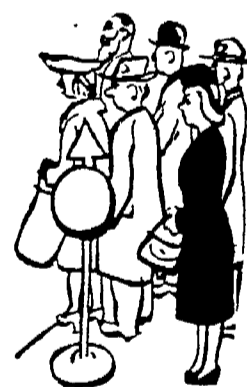

The local AAA office carried a similar release as the railroad ticket office.

At the automobile club, personnel was ready to map out a batch of three-day trips, but a spokesman at the office said last night, it was surprising to find that not as many people needed help as they did during other holiday weekends.

"PERHAPS the heat is holding them back this year," the spokesman interjected. He did note, however, that a

Elder R. W. Newman, pastor of Pine Forge Institute church, assisted by the Rev. E. N. Martin, pastor of Bethel AME church, will officiate at services today for BRAINARD A. GREASON, 542 WALNUT STREET.

## PAYING YOUR BILLS THE HARD WAY

So much better than to get out the old car and use up gas and rubber; or you go bumping around from one creditor to another in a public conveyance. By the time you get through and count all your cost, you have actually paid more than the small fee per check—the only cost of a Special Checking Account, and have not had the pleasure and prestige of paying off your bills by check, and in the coolness of your home or office.

the last moment among large groups, hoping their stories would be overshadowed by the drama of the final days of the exchange. Most of them are airmen.

THE UNITED STATES has denounced the germ warfare charges and returned prisoners have told how they were tortured in attempts to make them "confess" they dropped germ bombs.

The exchange may last beyond Sunday. The Communists promised to notify the UN command by noon today if they were unable to finish by Sunday.

From the start of the exchange through Friday, the Reds have delivered 12,316 out of 12,783 listed. Today's group of 275 Americans plus 25 British and 13 South Koreans comes within 154 of exhausting that figure. But in addition to around 200 Americans still held the Reds also have more than 300 South Koreans.

Through Friday, the Allies had released 65,505 North Koreans and 5502 Chinese—71,007 of the approximately 74,500 promised.

There was no word from the UN Command as to whether today's 2400 North Koreans included any of the handful of top officers who figured in riots on Kojima island. These officers are among the ones most wanted back by the Reds.

THE AVERAGE OYSTER PRODUCES ABOUT 50,000 EGGS EACH YEAR.

AND THAT'S A PRETTY BIG JOB FOR A LITTLE OYSTER.

JUST SUPPOSIN' WE WORK OVERTIME

And We Can Prove It!

THE AVERAGE OYSTER PRODUCES ABOUT 50,000 EGGS A YEAR.

The oyster is extremely prolific. Not all the eggs hatch, however. I. The Pathfinder, May 2, 1931.
